HERE'S HOW PACKAGELOG CHANGES EVERYTHING

A recent study* shows an average Millennial receives

PackageLog™ sends an average of **4 NOTIFICATIONS** per package...

Custom notifications allow you to “touch” residents by text and email. Open rates for messages are high due to the importance of the notifications to recipients.

Example 1: Refer a friend today...

Example 2: To pay your rent “Click Here”

According to FedEx, UPS, and the US Postal Service, package volume has increased 14% from 2011 to 2012, due primarily to online shopping. Projections indicate an additional 45% increase in online shopping by 2016.

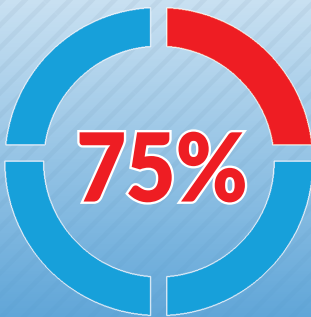

Your community staff currently spends **6 MINUTES** to process each package manually.

PackageLog™ clients spend **1.5 MINUTES** or less per package

PackageLog™ reduces time spent on packages by

Resident Retention & Marketing

PACKAGELOG™ SENDS 80-90 “TOUCHES” PER PACKAGE PER YEAR
