

Students achieve better results in every school.

Overall, Splash students performed better than their non-dual language immersion peers on all 2012-13 state-mandated tests:

Math

Splash students on average performed at

24 percentage points higher

than peers and 15 percentage points above N.C. state averages.

Reading

Splash students on average performed at

26 percentage points higher

than peers and 18 percentage points above N.C. state averages.

Science

Splash students on average performed at

5.4 percentage points higher

than peers and 4 percentage points above N.C. state averages.

VIF partners with schools to start and manage high quality Splash language immersion classrooms from kindergarten through fifth grade — and beyond. Rigorous academic standards drive high academic achievement for immersion students, regardless of background, while they become bilingual, biliterate and culturally aware.
