

The Science of Lies & Poker Tells

Take the guesswork out of bluffing and gain the upper hand at the tables.

Whether you are a casino rookie or a seasoned veteran, the proven science of lie detection can give you a competitive advantage over your opponent.

Course Description:

Grounded in 40 years of scientific research, our introductory one-day course introduces you to microexpressions a person is likely not even aware they are displaying. With our proven techniques, you will understand why all other poker-tell trainings are mere superstition.

Following this event you will be able to:

- Separate myths from science in truth/lie detection
- Recognize macro (large) and micro (small) facial expressions
- Assess your own ability to determine truth and lies
- Learn AND practice these skills in a safe environment with Paul Ekman approved trainers

DATE: **May 16, 2014**

TIME: **9:00 am – 4:00 pm**
(Lunch included)

LOCATION: **Hard Rock Hotel & Casino, Tulsa**

COST: **\$750**

The fees for this course may be applied toward any future Evaluating Truthfulness and Credibility (ETaC) 4-day course.
