

Truth and Lies:

the Science for the Legal Professional

A one-day introduction to Evaluating Truthfulness and Credibility

From initial client interview to cross examination, your work and success as an attorney depend on the words of others. This **one-day program** develops your ability to recognize truth and lies and teaches you how to use this information in your practice.

Truth and Lies: the Science for the Legal Professional is a program based on solid research and science. We will develop your ability and skill to:

- Learn scientifically proven ways to determine assess credibility improving probing of suspects, witnesses and victims.
- Master your own emotions during interviews
- Read what others are thinking and feeling to allow deeper probing
- Filter out the weak 'no win-no fee' cases
- Establish the truth with effective questions

The course is specifically designed to help attorneys read and evaluate the degree of truthfulness and credibility in what others are communicating to you.

DATE: **May 15, 2014**

TIME: **9:00 am – 4:00 pm** *(Lunch included)*

LOCATION: **Hyatt Regency Tulsa**
