Invitation

OMICS Group welcomes you to attend the **4th International Conference on Pharmaceutical Regulatory Affairs** during **September 08-10, 2014** at **Raleigh, USA**.

We cordially invite all the participants who are interested in sharing their knowledge and research in the arena of Pharmaceutical Regulatory Affairs.

Regulatory Affairs-2014 anticipates more than 300 participants around the globe with thought provoking Keynote lectures, Oral and Poster presentations. The attending delegates include Editorial Board Members of related OMICS Group Journals.

This is an excellent opportunity for the delegates from Universities and Institutes to interact with the world class Scientists.

The intending participants can confirm their participation by registering for the conference along with your colleagues. Avail the delegate early bird offer.

*The main theme of the conference is “**Key Implications in Regulatory Environment**”.*

Regards,

Regulatory Affairs-2014 Organizing Committee

About Us

OMICS Group Journals

- 300 Open Access Journals
- 21 Day rapid review process
- 22000 Editorial team, 27000 Reviewers team
- 2.5 Million readers and high visibility
- More than 100000  fans
- Publication immediately after acceptance
- Quality and quick editorial, review processing

Key features

- User friendly/feasible website translation of your paper to 50 world's leading languages
- Enhanced feature: Audio version of published paper
- Digital articles to share and explore
- Sharing option: Social networking enabled
- Authors, reviewers and editors are provided with scientific credits

OMICS Group Conferences

- 80 Conferences all over the World every year
- Well organized scientific program
- Renowned speakers and scientists across the globe
- Poster presentations and world class exhibits
- Panel discussions and interactive sessions
- B2B meetings
- Perfect platform for Global Networking

Key features

- Presentation by renowned speakers from all over the world
- Poster presentations and world class exhibits
- Interactive Sessions
- Platform for global networking
- Connecting scientific community

Special Issues

All accepted abstracts will be published in respective OMICS Group Journals

Each abstract will be provided with digital Object Identifier by 

The field of Pharmaceutical Regulatory Affairs is growing rapidly and its development is making tremendous impacts in Pharmaceutical, Biotechnology and Healthcare sector. The importance and significance can be gauged by the fact that it has made huge advancements over the course of time and is continuing to influence Healthcare sectors.

Regulatory Affairs-2014

- Opportunity to attend the presentations delivered by eminent scientists from all over the world
- Selected contributions will be published in following OMICS Group Journals,
 - Pharmaceutical Regulatory Affairs: Open Access
 - Journal of Bioanalysis & Biomedicine
 - Advances in Pharmacoepidemiology & Drug Safety
- Participation in sessions on specific topics on which the conference is expected to achieve progress
- Global networking: In transferring and exchanging ideas
- Share your excitement in promoting Health care, Clinical R & D
- Conference brings together Scientific Researchers, Business Entrepreneurs and Pharma, Biotech & Healthcare, Industry Developers

About Raleigh

Raleigh is the capital and the second largest city in the state of North Carolina as well as the seat of Wake County. Raleigh is known as the “City of Oaks” for its many oak trees. According to the U.S. Census Bureau, the city’s 2011 estimated population was 416,468, over an area of 142.8 square miles (370 km²), making Raleigh currently the 42nd largest city in the United States. It is also one of the fastest-growing cities in the country. The city of Raleigh is named after Sir Walter Raleigh, who established the lost Roanoke Colony on Roanoke Island in present-day Dare County, North Carolina.

Raleigh is located in the northeast central region of North Carolina, where the North American Piedmont and Atlantic Coastal Plain regions meet. This area is known as the “fall line” because it marks the elevation inland at which waterfalls begin to appear in creeks and rivers. As a result, most of Raleigh features gently rolling hills that slope eastward toward the state’s flat coastal plain. Its central Piedmont location situates Raleigh about two hours west of Atlantic Beach, North Carolina, by car and four hours east of the Great Smoky Mountains of the Appalachian range. The city is 145 miles (233 km) south of Richmond, Virginia; 232 miles (373 km) south of Washington, D.C.; and 143 miles (230 km) northeast of Charlotte, North Carolina.

Raleigh experiences a humid subtropical climate, with generally moderate temperatures during spring and autumn.
