

## OUR VISION

At Tracktik we believe that managing a security workforce should be **simple** and **stress-free** while being efficient and profitable. We will help you **improve** the services you offer as well as your workforce management and bring them to an entire new level. The **accountability** provided by our system will allow you to **compete** with demonstrated value.

### WHAT IS TRACKTIK

TrackTik is a mobile and web based workforce management software. It provides compliance, tracking, and scheduling solutions for the security industry. It is designed to facilitate your management and improve your operational efficiency. The platform provides managers and clients a real-time view into their security operations. The system is multi-featured, easily customizable and scalable. Simply put, it is the perfect solution to all your challenges!

### HOW WE CAN HELP

**INCREASE CLIENT SATISFACTION**

**GAIN EFFICIENCY & REDUCE LABOUR HOURS**

**IMPROVE GUARD ACCOUNTABILITY**

TrackTik's mission is to support you in managing your operational day-to-day tasks on many levels like; reporting, scheduling, timekeeping, and logs through easy-to-use interfaces. It provides integrated tools and modules to **centralize your operational processes**. TrackTik allows you to take complete control, track your workforce, streamline your workflow process and view your operation in real time. Whatever solution you have in place today, a 20 minute demonstration of TrackTik will demonstrate you how this essential tool is your key to success.

## 6 REASONS

that will make you ask yourself how you could manage without Tracktik for all those years!

### Organization

TrackTik organizes & centralizes your post orders, schedules, time logs, all types of reports (daily, incident, etc.), inspections, employee database and client notes. It allows you to quickly store and retrieve information that helps your company run more efficiently.

### Efficiency

TrackTik reduces your administrative tasks considerably by eliminating any manual procedures. It provides a self-service process to employees for schedules, and to clients for reports. It offers automated processes like report submission.

### Peace of mind

Do you know what your employees are doing at this specific time, do you have a way of knowing, did they even show up to their shifts? TrackTik provides you with those answers in a remarkable easy way! We offer the possibility to know in real time if your employees are on site where scheduled. Our platform offers a centralized view of your operations and allows you to answer these crucial questions, now.

### Competitive Edge & Wow effect!

TrackTik gives you the competitive edge you need to acquire new accounts. Our system will help you grow your business by acquiring new customers and securing existing ones. We will provide you with all the necessary tools to amaze your clients with the innovative and unique technology.

### Accountability & Performance

The TrackTik system has proved to increase employee performance and sense of accountability. The constant monitoring has a direct impact on liability and motivation translating into an increase in professionalism and efficiency which is an asset in the industry.

### Go Green! Go Paperless!

No more piles of paper on your desk! Reduce your carbon footprint with a paperless system and turn it into a selling point! Brag that your organization is environmentally conscious and gain new clients that value your position.

## OUR TRAINING AND INTEGRATION SERVICES

**Our goal is to facilitate the integration of the system. In order to simplify the transition, we offer:**
