

# INTERNATIONAL PATIENT PROGRAM

**U.S. medical care for foreign government sponsored patients**

**An exclusive program by Sahouri Insurance & Financial**

**The International Patient Program is designed to decrease costs and burden for foreign governments that sponsor patients seeking treatment in the U.S.**

---

Our program automates your administration with technology, streamlines the claims process, and fights fraud by using a transparent network with no third party involvement.

All claims are automatically processed through our network at discounted rates often lower than the UCR of each CPT code.

---

**Save money.**

International patients without insurance are often charged inflated fees by U.S. hospitals, but our program provides you discounts by processing claims through our networks.

---

No more questioning the charges of each claim and no more negotiating off of an inflated price.

# 10 GREAT REASONS

---

**TO JOIN OUR PROGRAM**

**1**

**Keep the same system you have now.**

You don't need to change, we just add technology that makes your administration system more efficient.

---

**2**

**Claims are automatically processed.**

Patients are given ID cards to show to providers in our network to have their treatment tracked and claims automatically processed, itemized, and discounted.

---

In-network claims are processed and discounted automatically.

**3**

**Eliminate fraudulent claims.**

Our program helps eliminate fraudulent claims with an automated checks and balance system that provides transparency to medical treatment.

.....

**4**

**There are no third parties involved.**

To defend against fraudulent claims and abuse by providers, the payment of treatment and the letter of guarantee is provided directly to the insurance company instead of the medical facility.

**5**

**You can still see any medical provider.**

Patients have the choice to see any be treated by any doctor or hospital in the U.S. , but discounts only apply to those in network.

.....

**6**

**The largest U.S. medical network.**

You have 24/7 access to a network of over 500,000 Physicians and 4600 Hospitals across the U.S.

---

Millions could be saved just by eliminating fraudulent claims.

## 7

### **We reduce your administration costs.**

Your costs and burden are reduced because in-network claims are processed automatically instead of being negotiated individually by your staff.

.....

## 8

### **We provide clear medical invoices.**

We provide an itemized listing of costs for each patient showing billed treatment charges, discounted rate, and your savings— We make it clear, simple, and honest.

## 9

### **Automated payment.**

Instead of sending individual checks to each provider, we will automate payments for the discounted charges on your behalf. You can send us just one check and we will automate payments for the discounted charges on your behalf through the insurance fund established.

.....

## 10

### **We offer concierge services.**

We offer additional services to set up and manage your transportation, lodging, and care coordination.

---

We provide itemized reports of all care and costs.

“Your team has been a great partner for our office and community providing a great support, cooperation, and claim assistance with prompt care and responses”

---

24/7 access to the largest national healthcare network.

## The process is simple.

# 1

### **Call us and sign up**

Inform us about your patient seeking medical care in the U.S. and enroll in our program.

# 2

### **We provide ID cards**

Each patient receives an ID card that automatically processes and discounts their claims when shown to in-network medical providers.

# 3

### **The patient travels to the U.S.**

We oversee the patient's travel and transportation to the appropriate medical facility in the U.S.

# 4

### **The patient receives treatment :)**

We provide an itemized report of all treatment and billed charges, plus we verify claims to eliminate fraud and overpayment situations.

# 5

### **We pay your claim for you**

We apply an insurance discount and pay the claim for you, then you reimburse us.

# 6

### **The patient returns home**

After the treatment is completed, we set up the patient's post-care needs and any travel arrangements back to their home country.
