

MPANiche

Make data mobile with the power of Niche RMS on your officers smartphones and tablets. Query persons, addresses, vehicles and more. Send email, create and access reports, tasks and intel in less time.

The power of Niche RMS on any smartphone or tablet in the field.

Our premiere product - Mobile Police Assist for Niche (MPANiche) - extends the records management power of Niche RMS with mobile functionality on any smartphone or tablet. Running on Android, BB10, BlackBerry, iOS or Windows Mobile, MPANiche offers Standard Query interface for person, address, vehicle, and occurrence, it also provides unit and officer task lists, and start and end of shift checklists. Send email, prepare and submit general reports and intel - via keyboard or dictation. Simple to deploy, MPANiche is cost effective with a one-time, per user fee starting for as few as fifteen users.

- Mobile CPIC and CNI queries for Niche with security and encryption set up available.
- Records Management, tasks, email and much more for Android, BB10, BlackBerry, iOS and Windows Mobile devices.
- Deploys cost effectively and quickly for as few as 15 users.
- Ideal for smaller agencies and those with extensive geographies.
- Crisp full color images, advanced touch-screen functionality.
- Niche RMS is used by many of the world's most productive police forces and security agencies.
- Add MPADictation for compliant voice to text transcription.
