Incident Management Made Easy

- Collect, track, and analyze incident data with IndustrySafe Safety Software.

- Track near misses, vehicle incidents, employee and non-employee injuries, property damage, environmental, and security incidents.

- Perform root cause analysis and detailed incident investigations.

- Generate accurate regulatory reports, including OSHA 300, 300A, and 301 logs.

- Connect claims, corrective actions, hazards, and attachments to your incidents.

- Analyze detailed dashboards and reports and develop your own reports.

Improve Safety. Reduce Costs.
