## DEFENSE AND SECURITY

### YT-001 Bullet Resistant Backpack

#### Features

1. Equipped with NIJ IIIA soft ballistic panel and NIJ III hard ballistic panel being an additional option to increase protection level
2. Good ballistic panel commonality capable to be used in SHARPE ballistic vests as well as backpacks
3. Unprecedented D.D.D./P.D.D. (Drop-Down Defense/Pull-Down Defense) design for the optional NIJ III hard ballistic panel (standalone) or IIIA soft ballistic panel to go down and increase ballistic protection coverage
4. Specific stab/spike resistant panel pocket capable of adding stab/spike resistance as an option
5. Custom designs (OEM/ODM) available

#### Product Photo

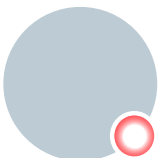

#### Use By

Everyone, police, security guards, etc.
