

AMERICAN BALLOT BLAST

CA DISTRICT 33

American Ballot Blast is the first mobile game that educates players about the candidates in local and national US elections. It operates by translating publicly available information about candidates and their platforms into educational game content, including themed levels and characters. Players gain an understanding of what candidates stand for, and interact with the issues they would fight for in office, all through a few minutes of entertaining game-play on their mobile phones.

**Select a
candidate**

**Learn about
their platforms**

**Help them stand
their ground!**
