Depth	22mm
Weight	175g
EAN/UPC	5060329431768

Materials

Exterior	Textured polymer
Inner	Microfibre
Colour	Black with red inner

Description

The armourdog® ThinkPad 8 smart cover offers exceptional protection while maintaining the sleek design and features of the ThinkPad 8 Tablet. The external material used is a textured, non-slip polymer that shields your tablet against knocks and drops but also feels soft to the touch. For the inner lining we use a high-grade microfibre to protect the ThinkPad against scratches. The lining is in a 'Lenovo red' to accompany the red accents of the ThinkPad 8. The front cover folds into a convenient stand that allows the tablet to be positioned into a shallow 'typing' angle or a steep 'viewing' angle. The front cover has an integral hand strap for extra security and features hidden magnets to keep the cover closed when not in use. The same magnets automatically put the tablet to sleep when you close the cover and turn it on again when you open it. This ThinkPad 8 case is perfect for business users or if you're in retail, government, healthcare, or a knowledge worker where mobility is crucial. We pride ourselves in the top quality materials and manufacturing process we use, which is why all armourdog® products are backed with a 2 year defect warranty.

Features

- Retains the ThinkPad 8 aesthetics and mobility while adding security and protection
- Designed and engineered in the UK using the very best materials
