Individual Student Plans

Comprehensive Plans or Student Accident Plans

Choosing the right insurance is especially hard for students studying abroad and their families, but we will guide you through your options and help you select the best plan for you. We have student comprehensive major medical and student accident plans available.

Our Individual Student Plans include:

- Automated claims and payment processing
- 24/7 dedicated customer service
- Medical Evacuation and Repatriation
- American Style Expatriate medical option

We provide the option for long-term coverage for those who want US health coverage but don't live in the United States.

- Annually renewable options
- Plans meet U.S. travel insurance VISA requirements

“Every time we call, your staff responds with courtesy and hospitality. Your team has always been there for us in times of need and we greatly appreciate that.”

The Embassy of Argentina — 2014

Student Group Plans

Comprehensive Major Medical

Our group plan is a comprehensive major medical plan rather than a limited student insurance plan typically offered by universities. We also include international medical care that extends your coverage worldwide.

100% coverage with fixed cost.

We have options for 100% coverage with fixed cost that allow you to budget appropriately because all you have to pay is the premium.

Fully compliant with U.S. Regulations.

Our plans are accepted by all universities and fully compliant with federal and state regulations. Plus, they meet student visa requirements.

Prevents benefit discrimination.

A single centralized plan helps prevent benefit discrimination by providing the same benefits to all students regardless of which U.S. school they attend.

24/7 service provided on your behalf.

We provide 24/7 customer service by experts in the U.S. that understand the needs of international students.

Our plans are comprehensive and compliant.

One direct point of contact.

We are your direct contact for all health insurance affairs and take charge of your claims to reduce your administrative burden.

Access to the largest national networks.

Our group plan gives you access to a network of over 600,000 Physicians and 5,000 Hospitals across the U.S.

Internationally recognized ID card.

Students are provided a globally recognized ID card. When used in-network, it will automatically pay the provider, which eliminates the need for students to pay up front and file for reimbursement.

The latest technology to guide you.

We have mobile apps that provide instant enrollment for students and their ID information within 24 hours.

Medical Evacuation.

In urgent medical emergencies we will provide air evacuation to the nearest medical facility and transportation home if necessary.

We include additional benefits.

Maternity, organized sports, mental health, and international emergency care are included.

Student Web Portal

Self-enroll website for students

We can embed a student self-enroll portal within your site to automatically enroll new students into your health care plan and notify you of each new enrollment, making your job much easier.

Prompt school waiver completion.

Travel Medical

International Travel Insurance

Our travel insurance plans protect you from any major or minor medical emergencies, accidents, and illnesses during your travels. We have several options for traveling within the US and abroad. Plus, all our plans meet U.S. travel insurance VISA requirements.
