

Doherty & Associates announces new company alliance - Medical Billing Management, Inc.

WILMINGTON, DE. May, 2014 – President & CEO **Debbie Doherty of Doherty & Associates** recently launched a new local Medical Billing company – **Medical Billing Management, Inc.**

Doherty & Associates and **Medical Billing Management, Inc.** partner to help medical practices grow and expand. The new **Medical Billing Management** Company was brought about by Debbie Doherty's desire to help businesses grow. As **Doherty & Associates** did the corporate accounting for clients across the globe, it was common to see very large account receivables, especially with healthcare clients. As a result, the practice's cash flow is impeded, which stymies growth. In addition, with ACA – (Affordable Care Act), many practices with limited staff are being challenged by increased patient load, working with various insurance companies, dealing with compliance issues and the ensuing increased operating costs. As **Doherty & Associates** consulted with their clients it was evident that outsourcing is the answer to the medical community. **Doherty & Associates** with over 13 years of accounting, outsourcing, IRS Representation experience, knows the type of talent necessary, and has established a company - **Medical Billing Management, Inc.**, that can deliver high value at low cost to the overall medical billing and collection process. Doherty has used this knowledge to recruit the best people in the new company - who have the "know how" to work through red tape and to get things done efficiently and effectively, while reducing costs and offloading tasks from staff, who can now focus on higher-value tasks. **Medical Billing Management, Inc.** has the **Medical Coding** expertise and proven **negotiation strategies** with the insurance companies to ensure billing is done right the first time. As a result **Medical Billing Management, Inc.** can streamline the entire medical billing process and ensure a prompt payment for services while meeting compliance standards and letting medical practices focus on their core business.

About Doherty & Associates

Founded in 2001 by the CEO & President, Debbie Doherty; the Doherty & Associates brand has blossomed into a tax and financial services company with an experienced staff that has increased over the years to accommodate an expanded clientele ranging from start-up companies to over 45 million dollars in gross revenues per year. We manage numerous corporate accounting departments, including their daily account management and personalized services customized for each individual business.

Our firm has expanded over the years from general Bookkeeping services to adding full CFO services, Virtual CFO, IRS Representation, Tax preparation services and planning, Business Consulting and Personal Finance Management. We represent clients in the United States and around the globe.

Our key advantage to our clients is our one to one business relationship that commences on the very first day a client meets our firm. Instead of a packaged service plan, we customize our offerings to meet each client's specific business needs from assisting basic payroll and other small business accounting services to taking care of the full CFO services. We also believe in a paperless office, which helps save you space and protects your privacy.

If you have a financial or tax related need and like personal reliable service, Doherty & Associates is here to help. We "Bring peace of mind to your bottom line"!
