Soldiers & Families Embraced (SAFE)

Disabled American Veterans

Disabled American Veterans (DAV) is dedicated to a single purpose: empowering veterans to lead high-quality lives with respect and dignity. We accomplish this by ensuring that veterans and their families can access the full range of benefits available to them; fighting for the interests of America's injured heroes on Capitol Hill; and educating the public about the great sacrifices and needs of veterans transitioning back to civilian life. www.dav.org

EANGTN Auxiliary Soldier Airman Relief Fund

The EANGTN Auxiliary Soldier Airman Relief Fund (EASARF) is a not for profit organization (with practically no overhead and staffed by volunteers) formed to provide financial assistance to Tennessee National Guardsmen who are in economic need. The main concern is to help unemployed (or employed part time) TN National Guard members who have suffered a "life event" that makes it difficult to keep the lights on and food on the table. <http://eangtn.org>

EANGUS

Operation Stand Down Nashville

Operation Stand Down Nashville operates the only non profit Veteran Service Center in TN providing a variety of services to all honorably discharged veterans with special emphasis on those who are homeless, provide pre-employment counseling, technical assistance, employment referrals and job retention counseling to honorably discharged veterans, and also operate a Transitional Housing Program providing and/or coordinating all the necessary after care, social and support services for honorably discharged veterans who are homeless. www.osdnashville.org

REBOOT Recovery

REBOOT is a 12 week program designed to address the spiritual aspects of PTSD and combat stress that may be overlooked during the healing process. We offer a unique blend of clinical insight with Christian faith-based support. Dinner and childcare is provided. No one at REBOOT is paid for their services and many volunteers support the program with their personal funds. rebootrecovery.com

Soldiers and Families Embraced (SAFE)

"SAFE" offers individual and group counseling services, as well as peer support groups for veterans. All are conducted in a "safe place" where veterans can feel free to discuss any issues or problems without fear of judgment. Our peer support groups will allow veterans to speak with others who have "been there, done that" and understand what it's like to have the same feelings and challenges. In addition, we offer individual counseling and support groups to the families and friends of veterans. www.thesafenetwork.org
