**FAIRBANKS SCALES AND PLANT ARCHITECTS ANNOUNCE STRATEGIC
ARRANGEMENT FOR INDUSTRIAL EQUIPMENT SERVICES AT KEY PLANTS**

***National network of Fairbanks Scales Industrial Service Technicians to perform
preventative maintenance, calibrations and repair services at plant terminals designed by
Plant Architects***

Kansas City, MO – [Fairbanks Scales, Inc.](http://FairbanksScales.com), a leader in weighing technology, will be providing exclusive support and service to Plant Architects under their Plant Pride Extended Service Program. In addition to weighing systems, Fairbanks provides nationwide industrial equipment services for various equipment including plant equipment and controls, aerial work platforms, electric security vehicles, and optical license plate readers.

Fairbanks Scales will provide factory-trained service and support to operators of key plants used in sand fracking and cement production facilities. A plant maintenance management process has been developed to provide Plant Architects' customers with a convenient and professional service experience.

"We are excited to work with Plant Pride to provide their customers with a comprehensive plant maintenance program. We believe that Fairbanks Scales can significantly enhance the value of the Plant Pride program by leveraging our 300 direct industrial equipment service personnel," said Richard Norden, President and C.O.O. of Fairbanks Scales.

About Fairbanks Scales

Founded in 1830, Fairbanks Scales has become the leader in the industrial weighing market by creating and manufacturing an unrivaled range of weighing equipment solutions. From bench, parcel, counting, floor, and truck scales to animal, railroad track, and a full range of specialty scales, Fairbanks Scales has a reputation for being the most agile and attentive industrial weighing partner in the business. Headquartered in Kansas City, Mo., the company is also uniquely positioned to provide services for non-weighing products based on its nationwide contingent of technicians who can provide preventive maintenance and consistent, reliable service. To request more information or to find the Fairbanks representative or authorized distributor nearest you, please call (800) 451-4107, or visit www.fairbanks.com.

If it has to be right...It has to be Fairbanks!

About Plant Architects

Plant Architects is a company devoted to the design and development of concrete, aggregate, and cement plant & terminal turnkey solutions. We provide specification writing, tender call development, plant design and engineering of green field plant installations. Plant Architects associates are noted for their plant retrofit design, engineering and project management.

Whether exchanging mixing equipment, adding storage, reconfiguring entire plant operations or design-build solutions for automated delivery systems, Plant Architects can provide a single source for such contracts.

Plant Outfitters is a company devoted to contract and subcontract plant installations, plant retrofits and plant demolitions. Plant Architects and Plant Outfitters are divisions of Robert Ober & Associates, LLC.

About Robert Ober & Associates, LLC

Robert Ober & Associates, LLC is America's leading EPC (engineering, procurement, construction) industrial contractor, specializing in bulk material storage and weigh systems. For more information, please visit www.robertober.com.
