The All-in-One PCI Policies Packet

The All-in-One PCI Policies Packet is our most comprehensive package containing over 800 + pages of all the necessary PCI policies, procedures, and security awareness training documentation for ANY organization needing to become PCI DSS compliant. It's an incredibly detailed and in-depth set of documents essential for developing the dozens of much-needed operational and information security policies and procedures, and much more. **You'll receive a comprehensive zip file containing the following six sections:**

- Essential for PCI DSS Compliance**
- Used Extensively By Fortune 500 Companies**
- Internationally Recognized Security Documents**
- Security Awareness Training Material Included**
- PCI Project Management Template Included**
- Complete Package For **\$749****

Section I: A detailed overview for becoming PCI DSS compliant. It's a step-by-step list of actions to be undertaken by your organization for ensuring all aspects of PCI compliance have been thoroughly understood and met. Brief, yet detailed and easy-to-read, the roadmap effectively distills, clarifies, and simplifies issues relating to PCI compliance, giving you a comfort level you deserve.

Section II: Each of the PCI DSS reporting requirements - from the Self-Assessment Questionnaires to an actual Level 1 onsite assessment by a PCI-QSA requires PCI specific policies and procedures. That's exactly what you'll receive in Section II - over 500 + pages full of policies and procedures, and other supporting documents. **Premier Edition includes hundreds of pages of essential PCI DSS Provisioning and Hardening Documents for System Components!**

Section III: The Payment Card Industry Data Security Standards (PCI DSS) specifically states for Requirement 12.1 to "establish, publish, maintain, and disseminate a security policy that...addresses all PCI DSS requirements". This is noted on page ninety-seven (97) of the actual pdf file for the "PCI DSS Requirements and Security Assessment Procedures", version 3.0, dated November, 2013. Thus, you'll receive an Information Security Manual that's over 100 pages long!

Section IV: A PCI DSS Certificate of Compliance template to be completed and displayed after successfully meeting all stated requirements as mandated by the Payment Card Industry Data Security Standards.

Section V: Security Awareness Training Packet that includes a comprehensive PowerPoint presentation (105 slides), in-depth employee awareness training manual (60 pages), checklists, a certificate of completion template, and more. There's simply no better product for PCI security awareness training.

Section VI: PCI Project Management Template, an incredibly helpful tool for ensuring you actively track monitor, and assess your overall PCI DSS certification progress. A must for any merchant or service provider serious about PCI compliance in today's world.

Together, all six sections provided in the All-in-One Policies Packet become your authoritative guide and policy documentation for helping achieve PCI DSS compliance in an efficient, cost-effective, and comprehensive manner. You'll be purchasing much more than just PCI policies and procedures, you'll be obtaining high-quality documentation that provides essential ingredients for PCI success, now and in the future.
