Milestone Systems, Inc. and Aruba Networks Partner to Offer Best-of-Breed Network Access Solutions for the Mobile Enterprise

Minneapolis, MN, June 9, 2014 - Minneapolis, MN-based Milestone Systems, Inc., (Milestone Systems), the nation's fastest growing information security and infrastructure provider, has joined the Aruba PartnerEdge Program to deliver its customers advanced wireless LAN solutions and mobility-centric security.

"On the heels of the Juniper Networks and Aruba Networks partnership announcement, Milestone Systems is proud to partner with Aruba Networks," said Mark Greer, President, Milestone Systems. "The new partnership with Aruba Networks and our existing Elite-level partnership with Juniper Networks uniquely positions Milestone Systems to maximize this strategic relationship and further strengthens our position in the marketplace."

"The addition of Milestone Systems to the Aruba PartnerEdge Program highlights our partners' desires to collaborate and expand market opportunities with Aruba and Juniper networking solutions," said Jim Harold, Vice President of Channel Sales, Aruba Networks. "Aruba is committed to advancing joint success by enabling partners to effectively address the needs of their customers. Being a joint channel partner of Aruba and Juniper, Milestone Systems can now better address its customers' mobility requirements with a comprehensive set of enterprise-grade wireless mobility solutions and best-in-class Ethernet switches from both providers."

Greer commented further, "Milestone Systems is not your typical Value-Added Reseller (VAR). Milestone provides network consulting, 24x7x365 Technical Support, Managed Services as well as Certified Training for our partners. We're extremely excited about our new relationship with Aruba Networks and the Juniper and Aruba announcement today."

Milestone Systems (http://www.milestonesystems.com/about/news/) is a 13-yr old firm headquartered in Minneapolis, MN with offices in major cities across the US. Milestone focuses on enterprise infrastructure and security.

Milestone Systems enables network high availability, security, visibility, and optimization.
