

LEVEL4 BIO™

Protection from the world's worst germs.

Fast, Effective, Affordable Power Sanitizing Solutions for
FIRST RESPONSE • LAW ENFORCEMENT • CORRECTIONS

GOVERNMENT PROGRAM STATE & LOCAL MUNICIPALITIES

Kill harmful pathogens fast in any environment, on any surface, in just 1 step.

We are living in unprecedented times. Law enforcement, first responders and correctional staff are often at risk of infection from harmful, sometimes life-threatening airborne and surface pathogens. Keeping staff and the people they handle every day safe from harmful viruses and bacteria not only saves money, *it saves lives.*

LEVEL4 BIO KILLS SURFACE AND AIRBORNE VIRUSES AND BACTERIA INCLUDING:

- Staph MRSA / Staph
- Enterococcus faecium VRE
- Escherichia coli (E-Coli)
- Pseudomonas aeruginosa
- Listeria monocytogenes
- Salmonella choleraesuis
- Type 1 (HIV-1)
- Hepatitis B Virus (HBV)
- Norwalk Virus (Norovirus)
- Influenza
- Influenza A (H1N1)
- Avian influenza (H5N1)
- Influenza A (H1N1)
- Mycobacterium Tuberculosis

...And the vast majority of other viruses & bacteria!

**FDA REGISTERED • EPA APPROVED
FAST • EFFECTIVE • AFFORDABLE**

Safe for people wherever they live and work.

Safe for the environment.

NON-CORROSIVE AND GREEN: SAFE FOR PEOPLE , SAFE ON MEDICAL EQUIPMENT & FINE ELECTRONICS

- Get entire facilities, vehicles and all equipment sanitized from top to bottom in just minutes to keep staff and operations up and running 24/7.
- Unparalleled sanitizing coverage can saturate difficult and porous surfaces such as fine electronics, equipment, concrete, medical equipment, vehicle controls, vehicle cabs, leather, fabrics, keyboards and more.
- Replace bleach and wet-wash spraying and wiping methods that miss key areas and increase risk of cross contamination.
- Patented chemical formula dries fast, keeps sanitizing after evaporation for up to 24 hours to mitigate risk of recontamination.
- Formula is EPA approved, green and 100% safe for people of any age including people with compromised immune systems.
- Patented distribution system is FDA registered as a medical device and UL certified.

**Used by VA hospitals,
fire/ ambulance and
some of the nation's
largest food
manufacturers.**
