SUBJECT: Rejection of LCE Newport Beach – IT, Inc. (LCE), Proposal Submission for the Design, Development, Demonstration and Integration (D3I), Domain 2 (D2), Request for Proposals (RFP) W9113M-13-R-0011

Mr. Dennis Matthews  
LCE Newport Beach–IT, Inc.  
1176 Sandhill Ave  
Carson, CA 90746

Dear Mr. Matthews,

Reference LCE's proposal received by the Government on December 17, 2013 (hard copies and CDs of all volumes) in response to the D3I D2 RFP W9113M-13-R-0011. In accordance with RFP Section L.4, Proposal Preparation Instructions, and based upon review of the submitted LCE proposal in response to the above-subject solicitation, LCE's proposal is rejected and will not be evaluated for the reasons provided in the enclosure to this letter. Since the Government's evaluation is dependent on the information furnished in a proposal, it is the offeror's responsibility to submit an adequately written proposal. Therefore, a proposal that does not contain the required information, as stated in the RFP, is subject to rejection by the Government. LCE's proposal materially failed to meet the requirements of the RFP.

Thank you for your interest in the above referenced solicitation and the U.S. Army requirements that support the Warfighter. As a small business, you are encouraged to contact your local Office of Small Business (OSB) for assistance. The United States Army Space and Missile Defense Command/Army Forces Strategic Command OSB point of contact is Christina R. Ryan, who can be reached at (256) 955-3413 or [christina.r.ryan2.civ@mail.mil](mailto:christina.r.ryan2.civ@mail.mil).
