

Valet Waste and Onicx Energy Announce Strategic Alliance

Multi-Family Leaders Launch Collaboration to Bring Cutting-Edge LED Lighting Technology to Clients

Tampa, Florida – June 17th, 2014 – Valet Waste, LLC, the nation’s leading provider of doorstep trash and recycling collection services, and Onicx Energy, the premier provider of LED lighting and energy solutions for the multi-family industry, today announced a strategic alliance to bring additional savings, net operating income and operational efficiencies to their multi-family customers. The direct connection between the value added services both companies provide allows customers to realize maximum savings potential while reducing negative environmental impact.

“Through Valet Waste’s Maintenance Plus program, we will be working with Onicx Energy to empower our customers with options for a green energy solution that offers them immediate energy cost savings”, said Shawn Handrahan, President and CEO of Valet Waste. “Together we share a vision and a commitment to add value to the lives of residents and onsite teams at the communities we service and Onicx Energy’s approach dovetails with ours.” David Magrisso, President and CEO of Onicx Energy, stated “I am thrilled to announce that Onicx Energy’s comprehensive lighting and energy assessments will be available to Valet Waste customers. Like Valet Waste, Onicx Energy is committed to bringing programs to our customers that give their maintenance team time back to focus on resident retention and create opportunities for owners and managers to increase Net Operating Income.”

About Valet Waste

Since 1995, Valet Waste has been the Multifamily Housing Industry’s leading provider of five-nights-per-week doorstep trash and recycling collection. We currently service over 330 management companies and owner groups throughout the multifamily housing industry that represent over 3.4 million units nationwide. Valet Waste offers the most requested resident amenities and services along with unparalleled and proven customer satisfaction. Our fully insured and uniformed professional valets collect waste and recyclables from residents’ doorsteps and manage multifamily communities’ on-site trash issues by streamlining waste from the doorstep to the dumpster with our proven systems. Valet Waste is at your service, ready to help you tackle on-site trash issues, resident retention and increase your maintenance efficiencies. From the largest REIT to the single property owner, building relationships with our clients is our passion and the foundation of our success. Valet Waste is a portfolio company of New Mountain Capital private equity group. For additional information, please visit www.valetwaste.com or www.newmountaincapital.com.

About Onicx Energy

Headquartered in Tampa, FL, Onicx Energy is a total energy solutions company serving clients nationwide. Using a comprehensive line of services and 60 years of combined experience, we help you reduce operating costs and improve your energy efficiencies. We specialize in the Multi-Family, Healthcare and Commercial Real Estate industries, offering energy audits, design recommendations, installations, financial analysis and more. By leveraging the construction management, design-build and general contracting expertise of our sister company, Onicx — and through our keen attention to detail, passion and personal touch — you can rely on us to deliver the most technologically advanced and reliable energy products that maximize profitability.
