

## A HISTORY OF INNOVATION

Since our founding in 1934, we have grown into a global, design-led company of more than 3,000 people. Designed and engineered in New Zealand, our products are sold in 50 countries around the world. Our design heritage is founded on a pioneering spirit and a culture of curiosity that has challenged conventional appliance design to consistently deliver products tailored to human needs. For us, legacy is about looking into the future, while ensuring what we develop today is aligned to the fundamental principles of sustainable design. We are committed to ongoing research and development. Our culture is one of open innovation, which allows people to work collaboratively to find insights and ideas that connect with our customers and respect our planet.

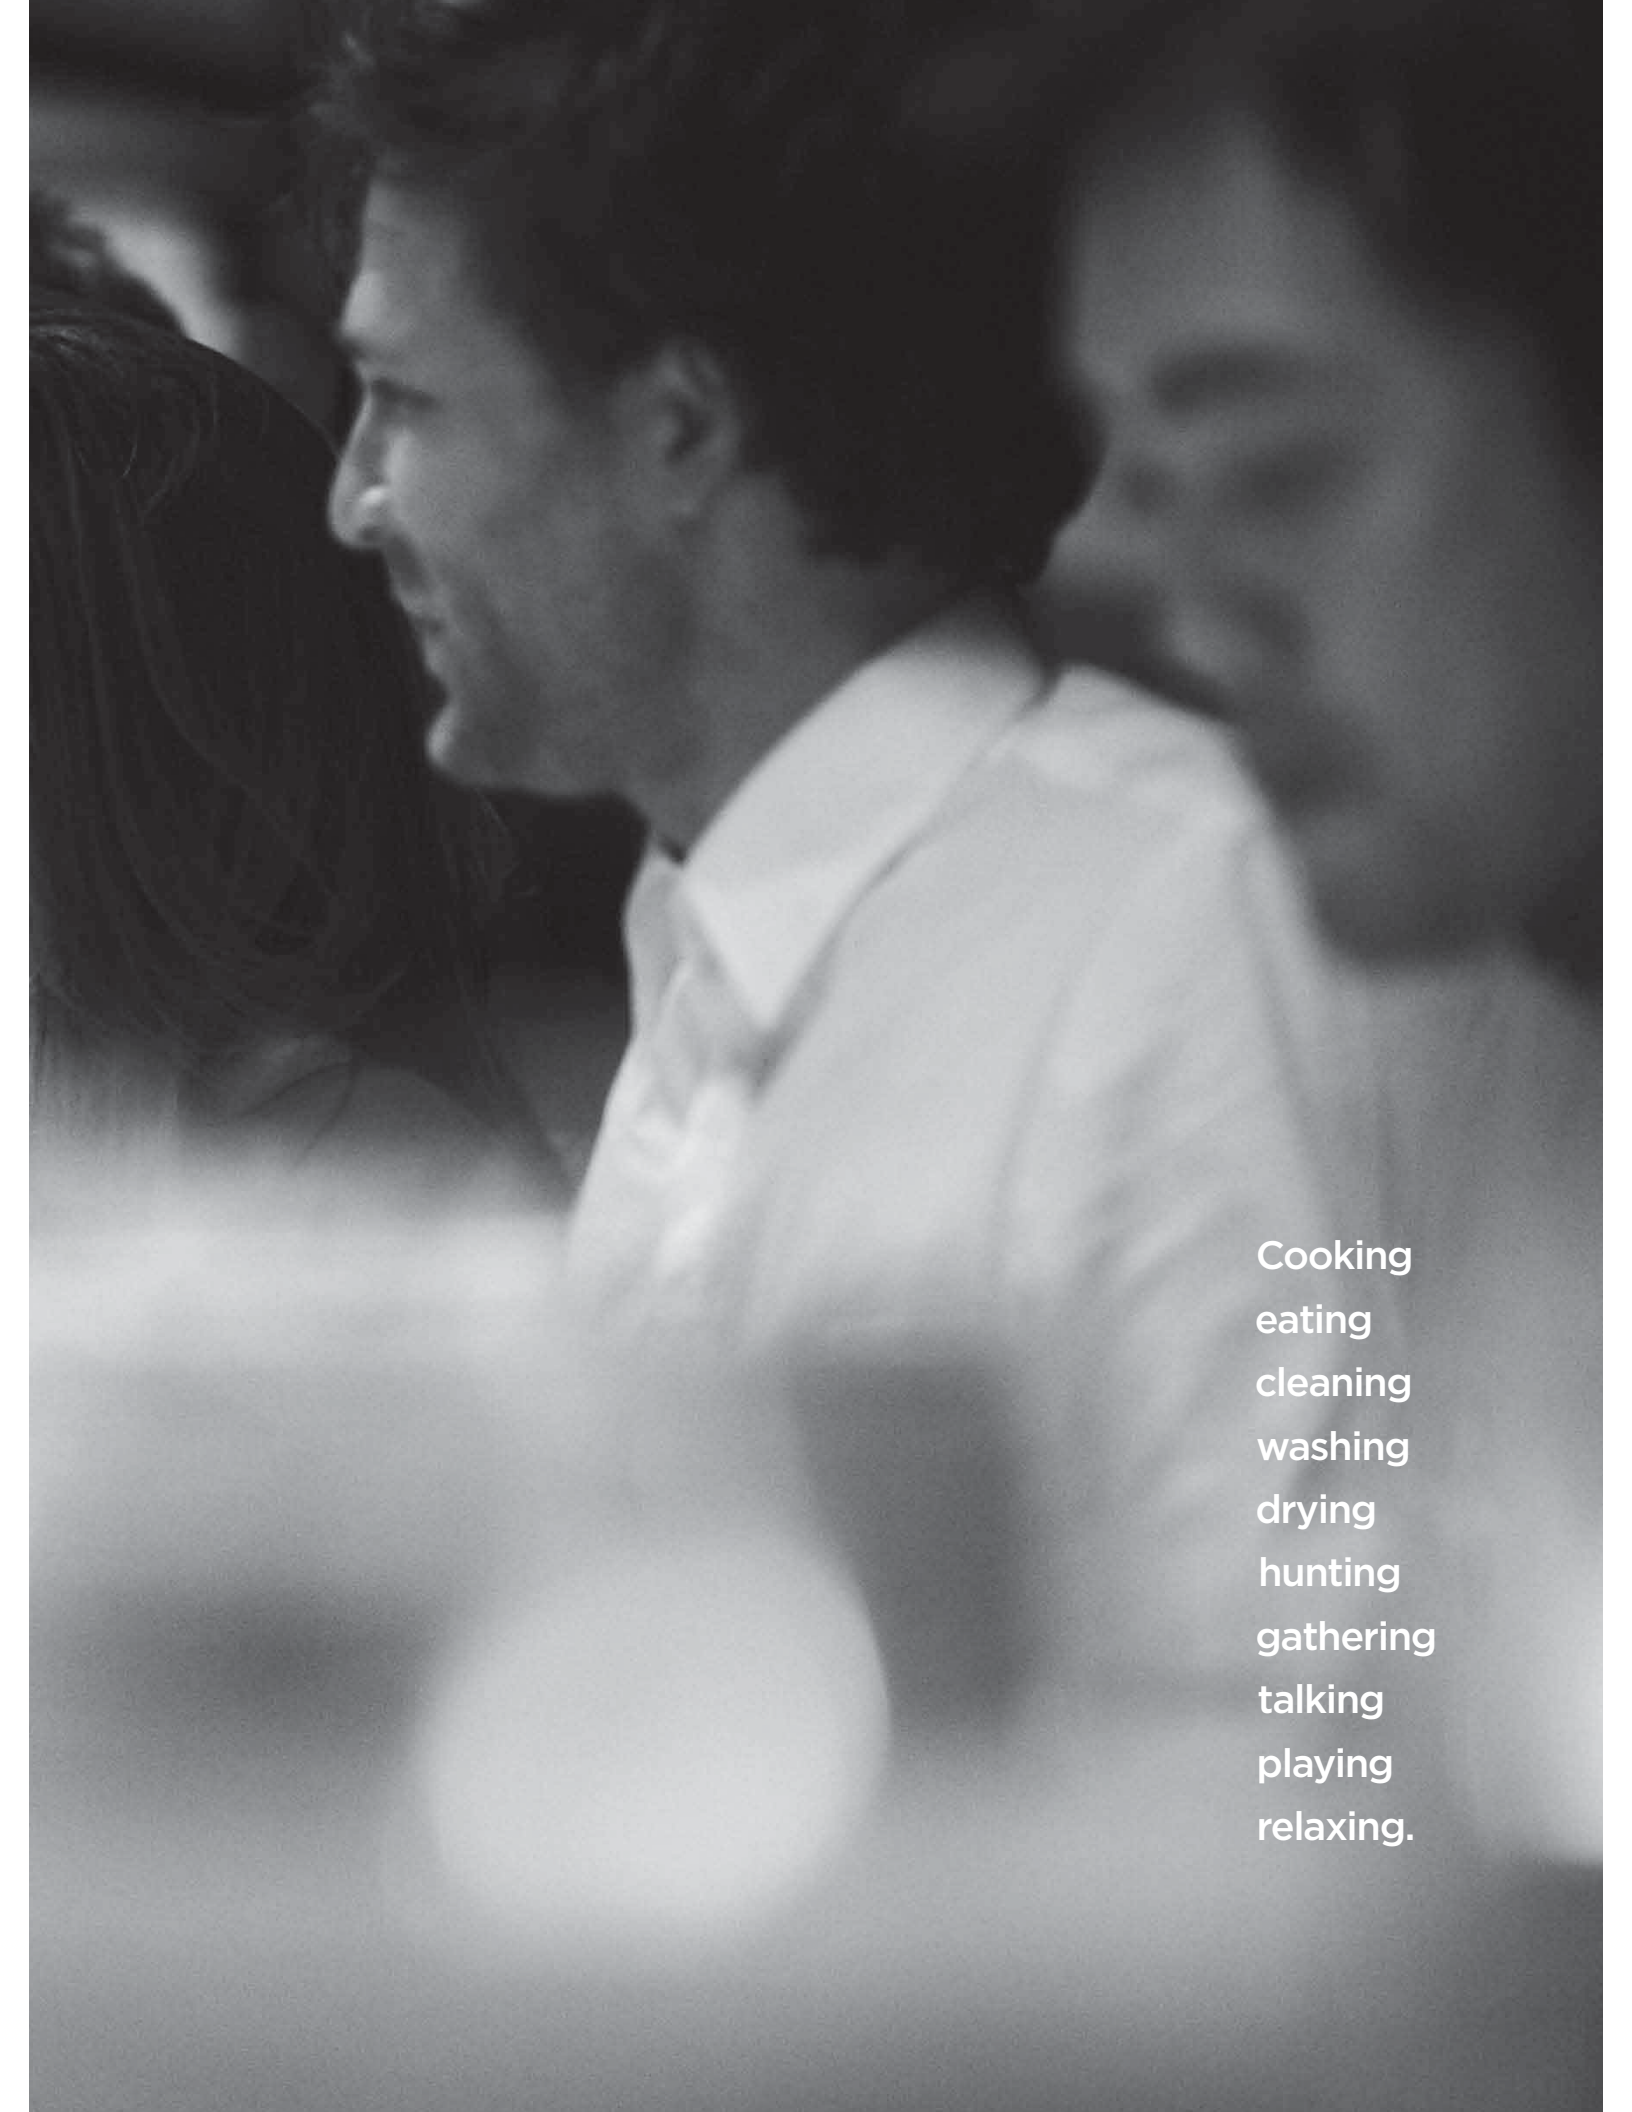

**We live one day at a time.**

Cooking  
eating  
cleaning  
washing  
drying  
hunting  
gathering  
talking  
playing  
relaxing.

**And then doing it all over again.  
Day in, day out.**

## TURNING ROUTINES INTO EXPERIENCES

Behind every product is a story and that story starts with you. Your home is an expression of who you are and how you live. Our passion is creating better products that turn everyday routines into enjoyable experiences. We understand the dynamic nature of modern living. We deliver products that are adaptable, functional and durable, as well as human. We don't just make things that fit the space provided, we create products that fit the lives lived around them. Live life — we'll take care of the details.

## THE SOCIAL KITCHEN

The kitchen is the humble engine room in which we choose to live — where we create, socialize and enjoy the best that life has to offer. Cooking is a social activity. We generally place the key appliances in what we consider to be logical places: the work triangle of cooktop, sink and refrigerator. But we no longer cook in straight lines. We don't cook on conveyor belts. Sometimes we assemble, sometimes we bake, sometimes we stir-fry and sometimes we boil. We don't cook the same way every day: we can be a weekday cook and a weekend gourmet. The work triangle limits our creativity. It's not just about efficiency; sometimes it's about fun. Too many cooks may spoil the broth or they may create a wonderful, social and enjoyable meal. Let's reclaim the kitchen. Let's live outside the triangle.

## DESIGNED FOR REAL LIFE

At Fisher & Paykel, we are curious about people—how they live, where they live, what they do and how they use things. This is where hidden insights wait to be uncovered. We are curious about not only the function and performance of our products, but also the emotional role they play in people's lives. For us, design is not a self-serving goal—it is a human endeavour to make life a little bit better.

## WE CONTROL THE WEATHER

At the heart of Fisher & Paykel's Refrigerator-Freezers is the ability to sense and respond to daily use in an intelligent way. The combination of temperature sensors with smart electronics and variable-speed fans creates a controlled environment and optimum temperature for better food care. We call it ActiveSmart™ technology. Your refrigerator door is the most used door in your home and, every time it is opened, the temperature changes around your food. The challenge is maintaining a consistent and controlled environment despite ongoing changes inside and outside the refrigerator. ActiveSmart™ achieves this through constantly monitoring how you and your family use your refrigerator, adjusting airflow to maintain a stable and even temperature. So despite highs, lows and occasional gusty winds, when it comes to your refrigerator, let ActiveSmart™ control the weather to deliver better food care.

ACTIVESMART™  
TECHNOLOGY

### **CoolDrawer™ Multi-temperature Drawer**

---

The CoolDrawer™ multi-temperature drawer has been designed to change from refrigerator to freezer at the touch of a button. It is built on the concept of distributed refrigeration, combining ActiveSmart™ technology with a drawer-based design that can be placed anywhere in the kitchen, home or entertainment area. The CoolDrawer™ provides five temperature settings to deliver total flexibility – freezer, chill, refrigerator, pantry and wine modes, merging intelligence with convenience.

---

**1 Innovative**

---

The multi-temperature CoolDrawer™ is a world-first in refrigeration technology.

---

**2 Convenient**

---

Five temperature settings can be tailored to the needs of your food: freezer, chill, refrigerator, pantry and wine mode, combining intelligence with convenience.

---

**3 Ergonomic**

---

There is easy access at waist height, with smooth-running drawers.

---

**4 Intuitive**

---

The easy-to-use electronic interface can change the temperature at the touch of a button.

---

**5 Flexible**

---

This innovation complements your existing refrigeration and enhances your kitchen design to suit your lifestyle.

---

**6 Precise**

---

Highly engineered finishing ensures a 1/8" clearance between front panels, as demanded by professional cabinetmakers.

## CoolDrawer™ Features

---

---

### 1 Freezer Mode

---

This mode is ideal for general frozen food storage with the added flexibility of three freezer functions—bottle chill, fast freeze and deep freeze. Freezer Mode is set at -0°F for longer-term storage of frozen items.

---

### 2 Chill Mode

---

Chill Mode sets the compartment to a temperature perfect for highly perishable meats, poultry and seafood. For these types of food it is ideal to store them at a temperature as close to freezing as possible to retain their vital freshness. Chill Mode sets the compartment at 31°F, just above the freezing temperature for meat.

---

### 3 Fridge Mode

---

This mode provides the ideal storage for most foods requiring normal refrigeration, such as fruit and vegetables, dairy products, processed meats and drinks. The compact upper storage tray is a perfect place for sensitive foods such as peaches, cherries, cheeses and deli items; the tall bin is ideal for large bottles and containers.

---

**4** **Pantry Mode**

This is designed for foods that require a cool, dark place for storage, such as tropical fruits, tomatoes, bananas, bread and cereals. Pantry Mode provides a solution for all those foods that you didn't previously know what to do with and have always resorted to storing on the bench or in the cupboard. This setting offers a stable storage environment at 54°F, making it ideal for sensitive foods.

---

**5** **Wine Mode**

Using the innovative Wine Mode, connoisseurs can take advantage of special settings that preserve and present wine at its optimum temperature. This mode is ideal for long-term storage of all wine at 54°F and offers two temperature selections for short-term storage.

---

## **French Door Refrigerators**

---

This series has been designed to maximize space as well as access. With new water dispenser styling and SmartTouch controls, these refrigerators are designed to match with our family of kitchen appliances.

---

### **1 Fresher Food for Longer**

---

ActiveSmart™ technology keeps your food fresher for longer by constantly monitoring your refrigerator and adapting to maintain a controlled environment and optimum temperature.

---

### **2 Designed to Match**

---

The high quality stainless steel, unique surround kits, black finish and the chrome strip detail of the slimline water dispenser, all reflect the styling of our family of kitchen appliances.

---

### **3 Easy Living**

---

These refrigerators adapt to suit your lifestyle by streamlining food preparation and organization with SmartTouch controls, flexible shelving and storage options and slide out bins and trays.

---

### **4 Sized to Suit**

---

Fisher & Paykel French Door Refrigerators are available in 36" and 32" widths. They can sit flush with your benchtop with ultra flat doors and concealed hinges.

---

### **5 Easy Cleaning**

---

Removable, spill safe glass shelves are easy to clean and contain drips and spills. Storage bins and EZKleen stainless steel doors just need a wipe to keep spotless.

---

### **6 Efficient**

---

ActiveSmart™ refrigerators intelligently adapt to daily use to save energy, cooling and defrosting only when they need to without compromising on food care. The 36" refrigerator is Energy Star rated.

---

---

## **Bottom Freezer Refrigerators**

---

This series has been designed for what you use most often. The upper refrigerator enables easy access to everyday items. With new water dispenser styling and SmartTouch controls, these refrigerators are designed to match with our family of kitchen appliances.

---

### **1 Fresher Food for Longer**

---

ActiveSmart™ technology keeps your food fresher for longer by constantly monitoring your refrigerator and adapting to maintain a controlled environment and optimum temperature.

---

### **2 Designed to Match**

---

The high quality stainless steel, unique surround kits, black finish and the chrome strip detail of the slimline water dispenser, all reflect the styling of our family of kitchen appliances.

---

### **3 Easy Living**

---

These refrigerators adapt to suit your lifestyle by streamlining food preparation and organization with SmartTouch controls, flexible shelving and storage options and slide out bins and trays.

---

### **4 Sized to Suit**

---

Available in 25" and 32" widths these refrigerators suit almost any home. They can sit flush with your benchtop, with ultra flat doors and concealed hinges.

---

### **5 Easy Cleaning**

---

Removable, spill safe glass shelves are easy to clean and contain drips and spills. Storage bins and EZKleen stainless steel doors just need a wipe to keep spotless.

---

### **6 Efficient**

---

ActiveSmart™ refrigerators intelligently adapt to daily use to save energy, cooling and defrosting only when they need to without compromising on food care. The 32" refrigerators are Energy Star rated.

---

## **SURROUND KIT**

The refrigeration Surround Kit helps create a seamless connection between your appliance and its surrounding cabinetry. Available in a stainless steel finish, the kit frames and complements the product. A Joiner Kit can also be used to join two refrigerators. For more information visit [fisherpaykel.com](http://fisherpaykel.com)

---

## ActiveSmart™ Features

---

---

### 1 ActiveSmart™ Technology

---

ActiveSmart™ technology is the combination of temperature sensors with smart electronics and variable speed fans that create a controlled environment and optimum temperature to keep food fresher longer.

---

### 2 SmartTouch Control Panel

---

For easy access, the new SmartTouch control panel is placed in the inside front of the refrigerator. These controls have been designed to be intuitively simple and easy to use.

---

### 3 Ultra Slim Water Dispenser

---

The new slimline water dispenser is now even easier to use—the angled water delivery still means that almost any size or shape of vessel can be filled, while taking up no storage space in your refrigerator door. The black finish reflects the styling of Fisher & Paykel's family of kitchen appliances.

---

### 4 Soft-close Doors

---

No more slamming refrigerator doors or having the door left open with soft-close hinges on the French Door Ice & Water models.

---

---

**5 Ice Boost**

---

In Ice & Water models, the Ice Boost function automatically delivers up to 25% more ice each day\* into a dedicated bin that can be easily customized to store different volumes.

\*compared to current Fisher & Paykel Ice & Water models

---

**6 Humidity Control System**

---

The Humidity Control System together with the cool and consistent temperature delivered by ActiveSmart™ technology creates the perfect microclimate in each produce bin, maintaining fruit and vegetable quality at just the right humidity and temperature level.

---

**7 Adaptive Defrost**

---

Adaptive defrost means that there is no need for vacation mode settings. Your refrigerator intelligently selects the best time to defrost based on how it is being used. When you are away it will use less energy as it recognizes lower levels of use and defrosts less often.

---

**8 Storage Flexibility**

---

Smart refrigerator organization and food preparation are streamlined with best in class features such as flexible shelving, flexible storage options and easy to access bins and trays on full extension runners.
