**Wild Fires**  
*and more!*

**LIVE WEBINAR IN SPANISH - Thursday, July 24, 2014 at 3:00pm**  
**Business Resilience and Continuity When Disaster Strikes**

## INFO YOU WILL LEARN:

Most businesses that suffer an extended interruption due to a disaster close within 2 years. This **SPANISH** language presentation will help you take control to withstand a multitude of disasters which are beyond your control.

## FREE TOOLS PROVIDED:

### Interactive Software

Generate a customized plan for your business using a simple step-by-step process. Includes a special module focused on Data and IT recovery.

### Business Impact Analysis Worksheet

Quickly identify the most important operational and financial impacts your business could be faced with.

### Checklists

Avoid the downtime, stress, and panic caused by disasters. Prepare your managers & employees to respond in a timely, systematic, and efficient manner.

## TAUGHT BY:

### Jean Paul Aliaga, Florida MEP

Jean Paul Aliaga has more than 10 years of experience spanning both manufacturing and emergency preparedness.

Aliaga served on a specialized disaster assessment team for the Department of Homeland Security closing disaster-related large projects valued in millions of dollars by working with cities, public entities, and businesses. His career also includes work in rapid prototyping, welding, machining and mass manufacturing. Currently employed with the non-profit Florida Manufacturing Extension Partnership, Aliaga works to make manufacturers and businesses more successful and profitable.

Funding for this webinar is provided by the State of Florida's Department of Economic Opportunity
