## MAKE YOUR ADHEREPACS STAND OUT

TCGRx — PHARMACY WORKFLOW SOLUTIONS

## CUSTOMIZE ADHEREPACS TO YOUR PHARMACY AND CUSTOMERS' NEEDS

- Reproduce invidual labels or groups with one touch

- Drag and drop data elements to and from the labels

- Text printing on color bars

- Preview all label layouts before dispensing

- International letters and symbols have been added enhanced design

- Extended barcode options include QR codes and Aztec symbologies

- Capable of printing pictures (patients, medications, logos and more)

- Increase efficiency of medication management and pharmacy production with the ability to have more medications per pouch

- Available for both wide and narrow lower packaging units (LPU)

- Small compact design for minimal work space changes

Use any Windows® fonts

Multiple barcode variations

Increase the number of medications per pouch

Add color bars with text for easy-to-recognize adminstration times
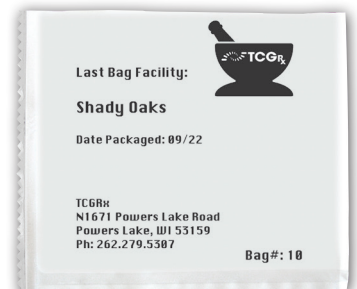

Add your pharmacy logo or other imported graphics
