## **Flottman Company's Strategic Growth Continues with the Hiring of Brooke Thies**

*The Flottman Company announces the placement of Brooke Thies as  
Project Estimator.*

Cincinnati, Ohio - Northern Kentucky – August 8, 2014: The Flottman Company ([www.FlottmanCo.com](http://www.FlottmanCo.com)) a provider of marketing solutions, miniature folded informational literature and commercial printing announces the addition of Brooke Thies to the growing production team as Project Estimator.

The continued growth of the Flottman Company has warranted a wave of new hires in production, sales and office personnel. Mrs. Thies is the latest addition to our production team. Thies will be charged with generating project estimates for our print, pharmaceutical folding and marketing solutions departments.

As a graduate of the University of Arizona, Thies received a Bachelor of Arts degree in Communications. Thies has multiple years of experience in the printing industry and sales with Register Publications of Indiana. Thies also has a familiarity with printed pharmaceutical literature from her six-plus years with CVS Caremark. Thies will be an integral part of our business process as she will likely touch every project that enters the door. Thies will work in concert with our senior management team, production staff and report directly to Flottman Company's President Sue Flottman Steller.

"We are pleased to welcome Brooke to the team, we know she will hit the ground running and bring a fresh perspective to our project estimating process," stated Sue Flottman Steller, President of Flottman Company.
