

**Life Benefits hosting a 3-day Wealth Summit at the Convention Center in Minneapolis Sept 12-14<sup>th</sup>** Details here: [www.life-benefits.com/wealth-summits](http://www.life-benefits.com/wealth-summits)

- A release regarding our last Summit in San Diego was picked up by *Reuters.com*, *World News.com* and others.
- Most financial events are boring, but this Summit is the opposite...the only event of its kind in the financial industry. [See what attendees of the last Summit in San Diego had to say here.](#)
- Topics to be covered at the Minneapolis Wealth Summit include:
  - Beating the Bankers at their own game
  - Exterminating \$91,200.04 of credit card debt within 11 months
  - How to finance 8 \$40,000 Cars for less \$1 per day
  - Myth Busting
  - The Power of Now
  - Developing a Wealthy Mindset
  - Creating Wealth and Leaving a Legacy
- Attendees will Discover How to:
  - Turn Debts into Assets
  - Profit by financing their own future
  - Finance their business and get a personal tax deduction
  - Master the 10-20-70 principle
  - Secure a guarantee that their money is growing every year
  - Avoid (not evade) excessive taxation
  - And much more
- Featured Speaker: [Tom McFie](#), author and president of Life Benefits (a featured speaker at the summit) is known as “The Man Who Beat the Bankers” by doing what the Banks and Fortune 1000 companies do with their money instead of what they tell everyone else to do. More Information about Tom McFie online at [www.tommcfie.com](http://www.tommcfie.com).
- Guest Speaker: [Rabbi Daniel Lapin](#) author of the bestselling financial book *Thou Shall Prosper* and also known as “America’s Rabbi” and host of the Rabbi Daniel Lapin radio show on KSFO.

**Why this Wealth Summit is different from other events**

- The upbeat environment encourages connection, comradery and sharing of ideas among the attendees more like a sports event or rock concert vs. the stale environment of mainstream financial events.
- Motivational material is provided and presented from stage encouraging people to take responsibility for their own money and use the information presented to really make a difference in their financial future.
