Yusen Logistics Receives Quest for Quality Award from Logistics Management

Secaucus, NJ: Yusen Logistics (Americas) Inc., a leading global third-party logistics provider, has been recognized in Logistics Management's 2014 Quest for Quality Award in the Air Freight Forwarder Category.

"We are honored to be recognized by our customers for our commitment to providing the very best in service," said Hideo Saito, Senior Vice President and General Manager, International Division. "This is the fourth year we've received the Quest for Quality Award and the second year we've been recognized in the air freight forwarding category. This outstanding achievement signifies the hard work and dedication of our team members, who provide superior service and value to our customers every day."

Logistics Management Magazine has published the Quest for Quality awards since 1983. This year, more than 7,400 readers evaluated the carriers, ports and service providers they do business with. Their insight helps Logistics Management maintain the Quest for Quality as the premier benchmark study of logistics and transportation services.

About Yusen Logistics

Yusen Logistics is a global logistics and transportation provider that delivers custom supply chain solutions through one of the largest air, ocean and land transportation networks. The company has over 478 offices in 40 countries, with more than 19,000 employees.
