Fresh From Farm To Tablet™

MegaFood One Daily provides authentic nourishment in a convenient one-daily tablet formula to replenish the body with nutrients that may be lacking in the diet.

Unlike conventional multi-vitamins, **MegaFood One Daily** delivers the promise of farm fresh foods, which means you receive more than just vitamins alone. We make our FoodState Nutrients™ from scratch with organic brown rice, whole carrots, broccoli and nutritional yeast to provide essential nutrients with protective phytonutrients and antioxidants.*

Each tablet of **One Daily** delivers a full spectrum of carotenoids and age-defying antioxidants from fresh, colorful foods for optimal antioxidant protection plus mindful potencies of essential vitamins and minerals to promote energy levels, immune health and overall well-being.*

One Daily is an herb-free formula available with or without iron, and is suitable for the entire family. It includes digestive enzymes to enhance nutrient bioavailability. It's gentle on the stomach and can be taken anytime of the day, even on an empty stomach, and will not cause upset.
