## »Obēo Property Website

## 5 times faster than previous versions and mobile responsive.

With 89% of consumers using mobile devices during their search for a home, you cannot afford to market your listings in a viewer that is not mobile responsive.

It fluidly responds to each mobile device it's viewed on — optimizing every experience.

Super-fast load speed
 Mobile optimized for tablets and phones
 Powerful SEO & social sharing capabilities
 Finger friendly for touch screens

## Property Website

All of these features are included with every full-service photography package or self-service tour that Obeo provides.

	EATURES DESCRIPTION / BENEFIT
24/7 Listing Information	The Obeo property website virtual tour is available 24 hours a day to promote your listing and give potential buyers the information they need
Choice of Photography	Obeo's virtual tour viewer will accommodate self service images or Obeo's beautiful full service photography.
Listing Details	Let Obeo's EasyEdge autopopulate listing details, or login and manually add as much detail as you like.
Website Statistics	See how much traffic your listing is getting, where it's coming from and automatically e-mail your sellers with this information.
Lead Generation	Capture lead information when potential buyers register for more information or to schedule a showing!
YouTube Video Creation	We use the photos of the property to create a video of the home and post it to YouTube.
Listing Syndication	We automatically distribute your listings to major real estate websites for more exposure of your properties.
Social Syndication	We'll automatically post your new listings to your Facebook, Twitter and YouTube channels.
Photo Slide Show	Consumers can view the photos manually or with the automated slide show feature.
Gallery View	A gorgeous photo gallery that gives the consumer a choice of three different layouts and photo sizes
Full Screen	Not only is the property website full screen, the photos can be viewed in full screen mode as well, hiding all navigation.
Branded and Unbranded	Obeo provides you with both branded and unbranded versions of your single property website.
Agent Landing Page	Obeo provides you with a mobile friendly landing page that hosts all your Obeo single property websites.
MOBILE FEATURES	DESCRIPTION / BENEFIT
Responsive Design	Designed in HTML 5, every consumer will have the exact same experience regardless of the device they are using.
Touch Screen Friendly	Designed to be interacted with any touch screen devices
QR Codes	We provide you with a QR code for each of your listings and your mobile website that can be scanned with a smart phone.
