Insert Hand Grab Item Invert MaskIT Peel & Seal

Available in Large and Small sizes!

In the US alone,
20 Billion tampons and
pads are used every year!
**Potential MaskIT sales
are astronomical.**

MaskIT is a specially designed product that offers a practical & sanitary solution for the disposal of soiled feminine hygiene items. MaskIT offers an intuitive use for women through its patent pending pocket technology which makes it simple to grasp a used pad or tampon while protecting the hand. With a unique inversion process these items are then enclosed & sealed within a small pouch that prevents leaking and blocks smells. There is no product on the market that competes with what MaskIT offers. MaskIT will offer the first truly viable solution for women to dispose of their used feminine hygiene items.
