Custom Baby Crib Bedding: Organic Search Trends Report 2014

Data Compiled By: Colin Chase
Date: 9/5/2014
Data Date Range: 9-1-2013 through 8-31-2014
Data Source: Google Analytics
Source File: REPORT - Modpepod.com Year Analytics Keywords Organic Search Trends 2014-final

According to website traffic data from ModPeaPod.com, parents shopping for Baby Crib Bedding and Nursery Accessories are currently seeking more **unique fabrics and styles of patterns** when shopping online for their baby boy or baby girl.

The website visitors coming to ModPeapod.com from the major search Engines were increasingly looking for the more modern baby crib bedding, being specifically handmade from unusual styles and patterns.

The custom baby crib bedding **Styles** that have seen a significant increase over the past several years, from website visitors coming from the Major Search Engines have included:

Giraffe, Paisley, Zebra, Tiffany, Polka Dots, Camo (Camouflage), Chevron, Damask, and Minky Dot

The custom baby crib bedding **Colors** experiencing a significant increase in website traffic over the past several years have included:

Black & White, Coral, Aqua Blue, Red, Turquoise, Pink, Lavender, and Green

Additionally, the company notes that when following the flow of traffic from these website visitors from page to page, it has become apparent that they are also seeking custom-embroidered crib rail guards, and the newer "breathable" bumpers.
