

Godzilla

A bit wild
A bit scary
Crazy
Oh yeah
Dig this one

Adorable
A creature of love
I have seen
I have touched

Tease me hard
Rip me apart
She's serious
Killer
Beautiful

A touchable
Seducing monster
She caught me
She got me

Be my love my life forever
Your heart given to me
My words given to you
In the strength I have
Sky turns red and worlds turn grey
My love my life my heart baby
I take you by hand
Make it an eternity
A fearless flawless endless eruption

Godzilla

Love you
