

## PRESS RELEASE

### ASG, Division of Jergens, Inc. will be in attendance at the 33rd Motek International Trade Fair October 6-9 in Stuttgart, Germany

*Stop by and see ASG's booth 3226 in Hall 3. Our staff and senior management will be there to demonstrate and speak about our products.*

**CLEVELAND, Ohio – September 24, 2014** – The American manufacturer ASG is enthusiastic to be returning to the Motek International Trade Fair for the 2<sup>nd</sup> consecutive year. At our booth, we will be showcasing new products from all three of ASG's product groups: Assembly, Industrial, and Precision Fastening. In attendance with our products will be senior management Bryon Shafer, Division General Manager of ASG and Neil Maniccia, Division Sales Manager. These individuals will be there to demonstrate products, answer questions and talk with trade professionals who visit booth 3226 in Hall 3. The Motek International Trade Fair is the perfect environment to network and create win-win business relationships.

#### **ASG's Commitment to the European Industrial Market**

As ASG expands beyond its traditional markets in North America, China and India, it has seen great market share growth in the European Market. The interactions at the Motek International Trade Fair have offered growth in distributor lists and strategic partnerships. To offer support to our international customers, ASG has developed an expansive global network of experienced field sales representatives and authorized distribution and service centers. We are personally committed to understanding and exceeding our customers' requirements. Our team is committed to continuously improving our products and processes. ASG is dedicated to delivering products, services and solutions on time and at a competitive value.

#### **About ASG, Division of Jergens, Inc.**

ASG is ISO 9001:2008 certified and has been offering products and solutions for the assembly industry for over 30 years. A complete line of torque control products and precision fastening equipment is offered through ASG Assembly, Industrial, and Precision Fastening product groups and includes electric and pneumatic torque control drivers, automated fastening systems, torque testers, work station accessories, precision screw presenters, automatic tape and label dispensers, the X-PAQ™ System and more.
