

INSTYLELED

RGB 15 Watt LED Tape
 5050 SMD, 60 LED's Per Metre
Commercial Grade

Product Codes: RGB15, RGB1567 (RGB IP67)

Cutting Intervals

Cut points are available every 100mm

Reel Length

5 Meters Reels as standard
 Lengths can be supplied to the nearest cut point

Water Protection

Standard = IP33 (No water protection)
 Heatshrink = IP67 (Water Proof)

LED Life

70% @ 50,000 Hours

Voltage

24 Volts

Pitch

60 LED's Per Metre

LED Colour

Full colour spectrum

Dimensions

Width = 12mm x Height = 3mm

Wattage

14.4 Watt's per metre
 72 Watt's per 5 metre reel

Lumen Output

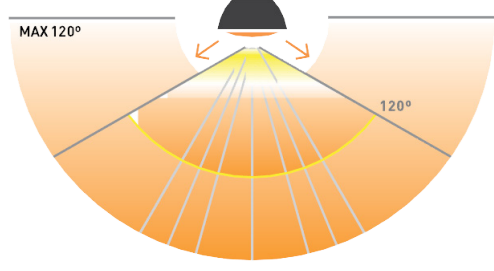

1080lm per metre on white

PCB Board

2oz PCB Board
 White protective coating

Beam Angle

120 Degrees

Dimmable

Controllable via DMX or an LED RGB Controller
