## Power to Enforce.

14 Infrared color palettes on color system

### High-Resolution Thermal Imaging Camera

- FLIR® 320 x 240 thermal core with 14 color palettes on color system
- 2X and 4X zoom
- Detects thermal heat sources (i.e. human) at 1500'
- Systems available in color or black/white

### High-Resolution Color CCD 540 LOR Camera

- Night optimized for increased infrared sensitivity using (6) high-output Infrared LED emitters with auto-activation (no distinct red glow)
- 4-8 mm zoom lens
- Night vision of 60' in total darkness

### 3.5" LCD Color Monitor

- LED backlighting
- Automatically orients (rotates) image to upright
- Brightness, color, and contrast controls

### High-Powered Search Light and Siren

- 1500-lumen search light
- Two-tone, 110 dB directional siren

### Secure Video/Audio Capture

- 8 GB internal storage
- Available up to 32 GB
- High-sensitivity microphone

### Ease of Use

- Lightweight – only 3 pounds
- Single-handed operation
- Large buttons – operate with gloved hand
- Compact – only 12.5" tall
- Rechargeable Lithium-Ion battery

### Pole Camera Accessory

- Telescopes from 16" to 4'-4"
- High-resolution Color CCD camera
- Night-optimized with high-output infrared LED emitters
- Video capture

### Packages:

All T5 Thermal units include secure USB interface, A/V cables, tactical sling, AC charger, DC charger adapter, training DVD, Users Manual, and Quick Reference Guide in ruggedized, waterproof carrying case.

- Color Kit with Pole Camera (833-0001-00)
- Black/White Kit with Pole Camera (833-0002-00)
- Color Package (833-0003-00)
- Black/White Package (833-0004-00)
- Pole Camera alone (015-0624-10)
