

Wonderlic Achieves Oracle Validated Integration with Oracle Taleo Enterprise Cloud Service

Wonderlic integration delivers assessment solutions within Oracle Talent Management Cloud

“Supporting businesses with innovative tools and technologies that enable more informed and efficient hiring decisions is the goal of Wonderlic. Our integration with Oracle Taleo Enterprise Cloud Service provides a powerful and unified solution that can help realize this goal for Wonderlic clients.”

Vernon Hills, IL, October 15, 2014 – Wonderlic, a Gold level member of Oracle PartnerNetwork (OPN), today announced it has achieved Oracle Validated Integration of Wonderlic assessments with Oracle Taleo Enterprise Cloud Service, a component of Oracle Talent Management Cloud. The integrated systems enable Wonderlic clients to easily select and administer Wonderlic assessments, and review the results, within Oracle Taleo Enterprise Cloud Service.

To achieve Oracle Validated Integration, Oracle partners are required to meet a stringent set of requirements that are based on the needs and priorities of the clients. Direct access to Wonderlic assessments and results within Oracle Taleo Enterprise Cloud Service can increase the speed and efficiency in which clients can vet job applicants and identify and hire qualified candidates. This convenient, streamlined infrastructure can eliminate the need to bounce between multiple systems, and offers an enhanced user experience.

“Quality employees are the lifeblood of every successful organization,” states Director of Project Management Tom Glover. “Supporting businesses with innovative tools and technologies that enable more informed and efficient hiring decisions is the goal of Wonderlic. Our integration with Oracle Taleo Enterprise Cloud Service provides a powerful and unified solution that can help realize this goal for Wonderlic clients.”

“Achieving Oracle Validated Integration gives our customers confidence that the integration between Wonderlic assessments and Oracle Taleo Enterprise Cloud Service is functionally sound and performs as tested,” said Kevin O’Brien, senior director, ISV and SaaS Strategy, Oracle. “For solutions deployed on-premise, in the cloud, or both, Oracle Validated Integration applies a rigorous technical review and test process that helps to reduce deployment risk and improves the user experience of the partner’s integrated offering.”

Wonderlic’s tests and surveys are highly regarded for their proven accuracy, reliability and predictive power. A wide variety of assessments and services have provided tens of thousands of clients with the intelligence and insight to make superior hiring decisions. Organizations large and small, in virtually every industry, have used Wonderlic’s renowned assessments to help identify ideal candidates for employment.

About Oracle Validated Integration

Oracle Validated Integration, available through the Oracle PartnerNetwork (OPN), gives customers confidence that the integration of complementary partner software products with Oracle Applications and specific Oracle Fusion Middleware solutions have been validated, and the products work together as designed. This can help customers reduce risk, improve system implementation cycles, and provide for smoother upgrades and simpler maintenance. Oracle Validated Integration applies a rigorous technical process to review partner integrations. Partners who have successfully completed the program are authorized to use the “Oracle Validated Integration” logo.
