

The Afton II Cafeteria Table from BioFit

Designed to Inspire Creativity – Engineered to Protect the Bottom Line

The unique S-shaped Afton II table was created to provide a distinctive look and imaginative floor plan configuration options while delivering the high degree of user comfort and durability synonymous with BioFit. Building on the success of our popular Afton model, the Afton II table features a proprietary patent-pending adjustable torsion capability, enabling users to reset the torque level of its lift assist device. This allows schools to save money by prolonging the useful life of the table.

- Easily deployed, refolded and rolled by one person
- Bold look complements the trendiest school interiors while making efficient use of space
- Constructed of rugged materials including 14-gauge steel base and ergonomic ABS seats
- Available in 10- and 12-foot lengths as well as an ADA-compliant model
- LEED® compliant and GREENGUARD™ certified
- Backed by a 13-year warranty

Catch the wave of innovation.
