

## **EarthBend Announces New Hosted Telecommunications Partnership**

### ***EarthBend Now a Crexendo Master Agent, Delivering Innovative Cloud-Based Voice and UC Solutions to Its Distribution Customers***

**SIoux FALLS, S.D., Oct. 30, 2014** — EarthBend, a premier value-added distributor of business telecommunications and IT solutions, is pleased to announce it has entered into a master agent agreement with Crexendo. The partnership allows EarthBend to provide its channel partners with the opportunity to expand their solution portfolios with the Crexendo Cloud Communications Platform.

The Crexendo Cloud Communications Platform offers a sophisticated enterprise-class feature set to businesses of any size at a fraction of the cost of traditional communications solutions.

"This master agent agreement with Crexendo presents great potential for both companies," said Ryan Donovan, EarthBend's General Manager and VP of Sales and Service. "EarthBend offers a world-class array of business communications technology solutions from leading vendors, and the Crexendo Cloud Communications Platform makes a welcome addition to our distribution portfolio. We are pleased to offer our channel partners a compelling solution with which they may capitalize on the fast-growing hosted communications market."

"On behalf of the entire Crexendo Team, we are extremely excited about the opportunity to partner with EarthBend, which shares in our passion of putting customers first. This partnership will bring tremendous value to EarthBend and its channel partners," said Doug Gaylor, Crexendo President. "EarthBend is a company that strives to bring innovative, cost-saving products and services to its channel, and we are proud to support them in carrying out this effort with our world-class, Cloud telecommunications offer."
