TAGLaw and Lawyers from Around the World Support Ebola Relief

Donation of \$10,000 to Doctors Without Borders will help provide critical Ebola relief in West Africa.

St. Petersburg, Florida (November 10, 2014) – [TAG Foundation](#) trustees have approved the disbursement of \$10,000 USD from the foundation's funds to assist Doctors Without Borders / Médecins Sans Frontières (MSF) in their Ebola relief efforts in West Africa. TAG Foundation is the charitable organization founded by [TAGLaw®](#), an international alliance of independent law firms, and its broader organization, The TAG Alliances™. The TAG Foundation is supported by contributions from TAGLaw members who have a long history of supporting relief efforts from natural disasters or humanitarian crises.

MSF's West Africa Ebola response started in March 2014 and counts activities in Guinea, Liberia and Sierra Leone. In response to a confirmed case in Mali, an MSF team arrived in the country last week to reinforce MSF's regular mission and provide technical support to the Ministry of Health.

“With more than 9,000 reported cases, 4,876 deaths, and a direct or indirect impact on jurisdictions where we have members, we want to take an active leadership role in helping to alleviate the devastating effects of this humanitarian crisis by supporting the heroic efforts of Doctors Without Borders,” said Peter Appleton Jones, Chairman & Founder of TAGLaw and TAG Foundation trustee. “The impact of politics and the media has only been to sow fear, hysteria and more sadly, division. We want to change that with positive efforts and energy.” Mr. Appleton Jones adds, “This and other TAG Foundation initiatives speak to the very heart of what TAGLaw and the TAG Alliances are about.”
