FOR IMMEDIATE RELEASE

Atlas RFID Solutions Ranked Number 180 on Deloitte's 2014 Technology Fast 500™, A List of the Fastest Growing Company in North America

Company Attributes 581% Growth to Construction Industry's Commitment to Improve Processes with Mobile Technology and Automation

Birmingham, Ala., November 15, 2014—Atlas RFID Solutions, [the world leader in comprehensive field mobility and Auto-ID solutions for industrial construction](#), today announced it ranked No. 180 on Deloitte's Technology Fast 500™, a ranking of the 500 fastest growing technology, media, telecommunications, life sciences and clean technology companies in North America. Atlas RFID Solutions grew 581% percent during this period.

Atlas RFID Solutions' chief executive officer, Robert Fuqua, credits the company's dedication to innovation and depth of industry knowledge for the company's revenue growth. "We continue to see an increase in demand for the software and services we provide. Industrial construction firms are actively seeking ways to improve material control by replacing manual, inefficient, paper-based processes with solutions built on modern technology."

"The companies ranked on the 2014 Deloitte Technology Fast 500 continue to set the bar for their industry higher each year," said Eric Openshaw, vice chairman, Deloitte LLP and U.S. technology, media and telecommunications leader. "There are so many exciting products and smart thought leaders driving this list. We congratulate the Fast 500 companies and look forward to seeing them continue their momentum into 2015."

"For 20 years, the Deloitte Fast 500 rankings have honored the innovation that is part of these companies' DNA," added Jim Atwell, national managing partner of the emerging growth company practice, Deloitte & Touche LLP. "We're glad to be serving these high-growth companies, and helping the technology sector recognize the great strides and transformation these companies are making in their respective areas."

Atlas RFID Solutions previously ranked 203 as a Technology Fast 500™ award winner for 2013.

To see the complete list of winners on the 2013 Fast 500 list visit www.fast500.com.

About Deloitte's 2013 Technology Fast 500™

Technology Fast 500, conducted by Deloitte LLP, provides a ranking of the fastest growing technology, media, telecommunications, life sciences and clean technology companies – both public and private – in North America. Technology Fast 500 award winners are selected based on percentage fiscal year revenue growth from 2009 to 2013.

In order to be eligible for Technology Fast 500 recognition, companies must own proprietary intellectual property or technology that is sold to customers in products that contribute to a majority of the company's operating revenues. Companies must have base-year operating revenues of at least \$50,000 USD or CD, and current-year operating revenues of at least \$5 million USD or CD. Additionally, companies must be in business for a minimum of five years and be headquartered within North America.

About Atlas RFID Solutions

Jovix™ is an award-winning material control solution developed by Atlas RFID Solutions designed specifically for the industrial construction market. Jovix™ combines web-based server software with mobile and auto-ID technologies to extend access to information to decision makers in the field and automate the data collection process. Jovix™ provides value for Owner/Operators, EPC firms, contractors, fabricators and suppliers by removing impediments to productivity that result from material readiness issues.

To learn more about Jovix™, Atlas RFID Solution's material control solution used on more than 175 sites across the globe, and how it helps industrial construction projects increase efficiency and reduce unnecessary costs, visit www.atlasrfid.com or call +1 205-383-4428 in the US and +1 587-487-5737 in Canada.
