

# Crowdfunding Pays Announces Major Incentive for Crowdfunding Campaigns

## New Campaigns Posted on Crowdfunding Pays Will Receive Over \$500 in Marketing Promotions

Crowd Funding Pays (CFP), ([www.crowdfundingpays.com](http://www.crowdfundingpays.com)) announces the launch of a major incentive program to help new crowdfunding campaigners launch and gain widespread online awareness.

These online marketing incentives provide valuable resources at no cost to the campaign owner. New campaigns that sign up on [crowdfundingpays.com](http://crowdfundingpays.com) for this promotion prior to December 31, 2014, will be eligible to receive over \$500 in marketing and campaign promotion services through [IgniteCFP.com](http://IgniteCFP.com). When a well-developed campaign is properly supported with extensive online marketing, including social media and blog postings, the likelihood of attracting contributions goes up significantly.

“While we promote our [crowdfundingpays.com](http://crowdfundingpays.com) platform broadly across the Web and receive considerable visitor traffic, campaigners must also join in promoting their individual campaigns,” said Mark Thimmig, Founder, Chairman and CEO. “Far too many campaigns don’t reach their goals because of a lack of their own promotion. That is why we want to give our campaigners the big leg up they need to be successful.”
