

iPatientCare Successfully Concludes National User Conference (NUCON) 2014

iPatientCare National User Conference 2014 Concluded Successfully with Excitement of Adopting Meaningful Use Stage 2 Certified EHR, ICD-10 Ready Practice Management System, PQRS Registry, Patient Kiosk and Wearable Technologies.

Woodbridge, NJ, November 21, 2014 —iPatientCare, Inc., a pioneer in mHealth and cloud-based ambulatory EHR and integrated practice management solutions, announced today the successful conclusion of its National User Conference (NUCON) 2014 that provided end-users and channel partners of iPatientCare with the 2014 Edition Meaningful Use Stage 2 Certified EHR and integrated Practice Management System, Patient Portal, mHealth and Wearable technology like Google Glass and Android Ware SmartWatches. The conference ended with a great fanfare and tremendous excitement among the attendees and exhibitors, who were extremely excited for reassembling again for numerous regional conferences during the year and the Grand National User Conference 2015.

Udayan Mandavia, President/CEO, iPatientCare started his inspiring Key Note Address with highlighting the current trending and future government healthcare IT initiatives, including Meaningful Use Stage 2, ICD-10 readiness and the challenges faced by healthcare providers. He also announced the significant achievements of iPatientCare since last NUCON, namely, ONC 2014 Certification as Complete Inpatient EHR (in addition to the ONC 2014 Certification as Complete Ambulatory EHR that was received a year ago), Medical Economics Top 50 EHR, Capterra Top 10 EHR, Black Book Top 10 Mobile EHR, SureScripts White Coat Quality Award, CMS designated Test EHR, CMS Qualified PQRS Registry for 2014, and a pioneer in extending enterprise EHR to Google Glass and Android Ware SmartWatches.

Kedar Mehta, CTO, iPatientCare, shared the platform with Mr. Mandavia during the Keynote and provided a sneak preview of iPatientCare R15 with many innovative improvements in its Meaningful Use Stage 2 certified 2014 Edition of iPatientCare EHR and integrated Practice Management, Patient Portal, Health Information Exchange, and mobile Point-of-Care Solutions. Mr. Mehta's demonstration of some of the key features of the iPatientCare product suite, such as, ICD-10, iPad based charting, Patient Check-in Kiosk, wearable technologies and KPI Dashboard won accolades and cheerful ovation from the attendees of the conference. He also commented, "iPatientCare R15 will be a game changer because of its ease-of-use and focus on web, mHealth and wearable technologies. It will empower the healthcare providers with the right information at the right time and engage the patients towards their own health, which is a huge step towards our goal of Better Outcomes, Reduced Costs, Meaningfully.

"NUCON 2014 was a great conference", said Lesly Pompy, MD, Interventional Pain Management Association, Monroe, Michigan. He further shared his experience during the conference, "The Educational sessions were very informative. I really admire iPatientCare for its ability to read the future and deliver healthcare IT solutions that would continue to keep my practice profitable and productive."

"We have been attending iPatientCare NUCON since 5 years", said Theresa Romero, Office Manager, McLeod Medical Center, NM. She further said, "We always enjoy iPatientCare User Conferences. This year's exhibition gave me an

opportunity to have a direct initial contact with exhibitors. We thoroughly enjoyed iPatientCare Jeopardy too. I must say that iPatientCare folks are very creative and talented in delivering everything-innovative products and innovative games!”

“Easy Pay Solutions is proud and privileged to be a Platinum Sponsor at NUCON 2014. We believe in the company's vision, its people and the valuable software they produce. We look forward to a long mutually beneficial relationship”, Said David Berlad, Vice President, Business Development - National Healthcare Accounts at Easy Pay Solutions, Inc..

The grand-finale of the conference was an Award Ceremony followed by an innovative game, iPatientCare Jeopardy and iPatientCare Lucky Draw giving away prizes worth five thousand dollars. All attendees and exhibitor/sponsors enjoyed and appreciated the prizes and the fun they all had in attending iPatientCare 2014.

About iPatientCare:

iPatientCare, Inc. is a privately held medical informatics company based at Woodbridge, New Jersey.
