Corporate Suites Network, LLC Now Offering Long-Term Rental Solutions

Well-established corporate housing provider leverages its knowledge of the Chicago area to serve clients in a new way.

CHICAGO — December 1, 2014 — Corporate Suites Network, experienced at serving corporations and individuals with short-term corporate apartment rentals, announced it now offers “Personalized Long-Term Rental Solution Services.” The company is tapping into its extensive knowledge of the Chicago housing market, built over its 27-year history, to serve clients in need of assistance with long-term housing.

As part of this service, Corporate Suites Network will provide a customized rental apartment or home search, and expert recommendations on amenities, general contractors, movers, neighborhoods, landlords, and schools. Individuals will also gain access to rental properties available exclusively through the company’s network of real estate sourcing professionals.

President David Flando explains, “Due to the high demand for assistance with long-term rentals, we have now added it to our service menu. This unique service saves our clients and their employees time and energy by providing a comprehensive review of individual needs and four escorted site visits. It’s another example of what separates us from our competitors and why we’re ‘the people you stay with.’”
