American Durability.

German Engineering.

A World of Difference.

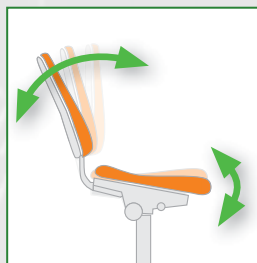

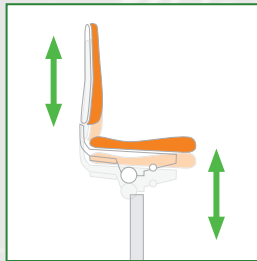

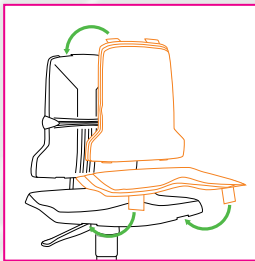

bimos by BioFit combines the strengths of two true furnishing innovators—and represents a bold new design approach for BioFit, a company whose commitment to quality is unmatched throughout the industry.

As a result of this collaboration, we're proud to offer a combination of ergonomic performance and bottom-line benefits with seating that's as forward thinking as you are.

Sintec

Delivering ergonomic comfort to nearly any workplace, Sintec offers an added degree of flexibility with innovative seat and backrest pads that can be seamlessly removed. By easily adapting to different environments and ensuring effortless maintenance, Sintec chairs have long been a best-seller in Europe. We are proud to collaborate with bimos on the U.S. and Canadian version of Sintec chairs, featuring pneumatic controls—guaranteed by BioFit for the life of the chair—that provide the ideal height for any user.

- Replaceable seat and backrest pads provide added flexibility and convenience
- Seat and backrest pads available in cloth-upholstered, vinyl or self-skinned urethane options
- Ergonomic backrest takes strain off spine and delivers optimal lumbar support
- Backrest, seat tilt adjustment and backrest height are all adjustable
- Featuring a five-star cast aluminum, polished aluminum or nylon composite base with optional casters or glides

American Durability.

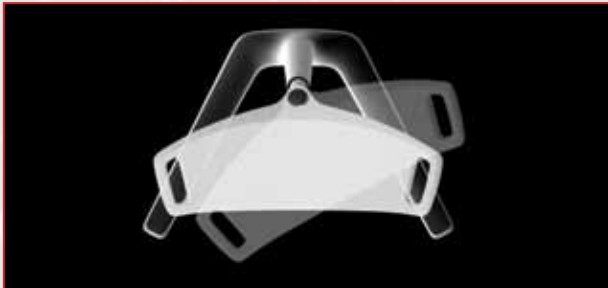

Fin

An ideal solution for workers whose days are spent standing, Fin provides support in work environments ranging from labs to industry to retail.

Fin offers an ergonomic alternative that takes stress off the legs and feet, redistributing weight over the wide seat and the inclined column.

Fin's slim lines and sturdy base are a perfect blend of style and stability.

- Integral comfort handles for ease of use
- Stepless adjustment with resilient gas spring ensures the right height for any user
- Extra-wide comfort seat that can swivel to 20°
- Stable aluminum column base inclined forward by 4° encourages correct active working posture
- Interchangeable glides to suit any type of flooring

Sintec and Fin are just the beginning! Look for additions to the bimos by BioFit collection coming soon. bimos by BioFit chairs are part of BioFit's complete line of seating, tables and accessories.
