

Polar Wand[®]

Endoscopic Cryotherapy System

- Proven Effective
- Simple
- Safe
- Affordable

The Polar Wand is an efficient, highly versatile endoscopic cryotherapy system which safely ablates mucosal lesions in the digestive tract.

Why the Polar Wand® works better for you.

- Compared to competitive cryotherapy systems, the Polar Wand creates 75% less gas, making for a safer, more patient friendly procedure
- Compared to RF ablation - cryotherapy provides a much greater depth of injury with less side effects (stricture, scarring, pain)

Ordering Information*

Item No.	Title	Quantity
GIS-19	Polar Wand	One Unit
GIS-18	Catheter Set	Box of 5

* Use of the Polar Wand requires:

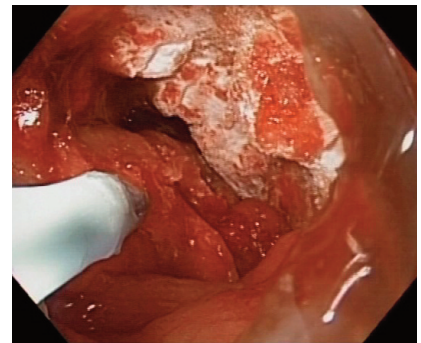

- 1.2 - 1.5L standard suction canister
