### **Dataprise, Inc. Named Dell Security “Better Together” Partner of the Year**

ROCKVILLE, MD (December 10, 2014) -

Dataprise, Inc., a leading information technology managed services provider, announced today it has been named Dell’s “Better Together” Security Partner of the Year for 2014.

The award was given at the first Dell Security Peak Performance Conference in Orlando, Florida. Dataprise was selected over 600 eligible channel partners from North America, Latin America and Europe. Dataprise was selected from a group of nominations based on their dedicated use of Dell securities to provide solutions for their customers’ needs.

“It’s such an honor to be named Dell’s Security Partner of the Year.” Stated David Eisner, CEO at Dataprise. “Network security is crucial to any organization, large and small. We are committed to working with Dell to offer the best products and service solutions possible. We’ve proudly partnered with SonicWALL for many years, and are excited to continue growing our relationship and helping our customers meet their ever-changing, complex network security needs”.

Dataprise offers their customers network security solutions that range from on-premises, cloud, mobile security, identity and access management, eliminating the need to work with multiple security vendors.

As a Dell Premier Certified Partner/Direct Premier Partner, Dataprise gains expertise in hardware, software, and services that help eliminate IT complexity for customers and help create greater efficiencies.

#### **ABOUT DATAPRISE, INC.:**
