

# ANTI-FATIGUE MATTING

## IN YOUR BOOTS®

### MEGAComfort's UNIQUE Anti- Fatigue Line

- ★ Original Patented DUAL LAYER Memory Foam Technology
- ★ Ergonomically Designed by a Podiatrist
- ★ Over 10 years of Research & Development
- ★ Clinically Proven & Tested to Reduce Pain & Fatigue

**AVOID CHEAP IMITATIONS**

# MEGACOMFORT'S ORIGINAL DUAL LAYER MEMORY FOAM TECHNOLOGY

## OVER 10 YEARS OF RESEARCH & DEVELOPMENT

All MEGAComfort® products are uniquely designed using a patented\* combination of high density DUAL LAYER memory foam. The dual layers compress together and gently rebound with every step of the walking cycle.

All MEGAComfort insoles contain only 100% high density memory foam with no cheap fillers or additives and are machine washable.

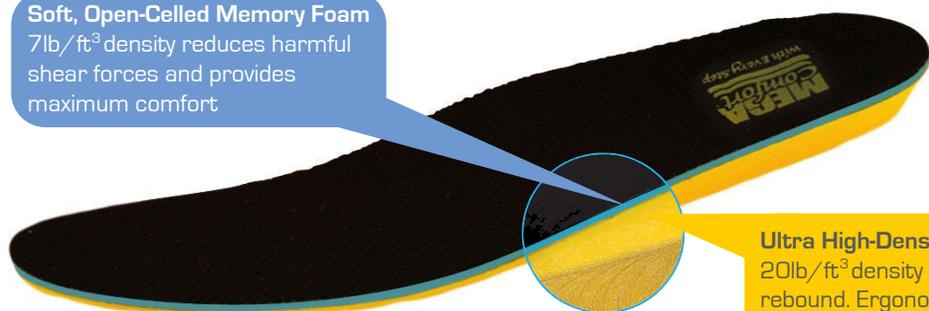

\*US Patent # 8,832,969

### WHAT IS MEMORY FOAM?

- Unique material and cellular structure different from regular foam
- Made up of billions of high-density memory cells
- Temperature and pressure sensitive
- Softens up with heat, firms with cold
- Absorbs flow evenly to follow the body's natural curve

#### Soft, Open-Cellled Memory Foam

7lb/ft<sup>3</sup> density reduces harmful shear forces and provides maximum comfort

**Ultra High-Density Memory Foam**  
20lb/ft<sup>3</sup> density and one-second rebound. Ergonomically moulded for maximum shock absorption and motion control

### RESULTS

- ➔ MAXIMUM Comfort
- ➔ MAXIMUM Shock Absorption

## UNIQUE FEATURES

Ergonomically Designed by a Podiatrist

Original Patented Dual Layer Memory Foam Technology

Clinically Proven and Field Tested to Reduce Pain and Fatigue

Machine Washable

Aeration Holes to Regulate Temperature

Anti-Fungal Anti-Bacterial Anti-Perspiration

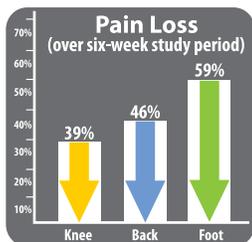

Reduces Odor and Leaves Feet Smelling Fresh

Silver Ion Anti-Microbial Technology

## PRODUCT BENEFITS

Ongoing field tests show an average of 35% reduction in pain

### DECREASES

- Injury rates and medical costs
- Muscle fatigue
- Foot, knee, hip, and back pain

### INCREASES

- Productivity
- Comfort and well-being
- Balance Reactions

Results from a field test pilot program

## ADVANTAGES OVER STANDARD ANTI-FATIGUE FLOOR MATTING

- ✓ Direct Contact with the Body
- ✓ Lower Cost of Maintenance
- ✓ Reduce the Risk of Slips, Trips & Falls
- ✓ Easy to Install and Implement
- ✓ Personalized Comfort Zone for All Workers (Stationary and Mobile)
- ✓ Various Budgets Can Be Used (PPE, Wellness, Footwear & Matting)

## TESTIMONIALS

The Anti-Fatigue Mat insoles have reduced foot and lower back discomfort that I experience while wearing steel toed work boots. After standing and walking around on concrete, asphalt, and dirt all day my feet become sore and tired. The Anti-Fatigue Mat insoles have reduced this discomfort and make steel toed boots more comfortable over extended periods. - Mike R., Safety Specialist

"After wearing your MEGAComfort megaorthotics for two weeks, I can say without hesitation that these create the most wonderful support and comfort to my feet. Thank you for designing such a phenomenal orthotic with supports you can switch out to wear as either heavy duty or for casual wear." - Annabelle P.
