Welcome Messages

Greetings from the Governor

Greetings!

As Governor of the State of Nevada, it is with great pleasure that I welcome you to the 3rd International Conference and Exhibition on Food Processing & Technology hosted by OMICS International Inc. The OMICS International through its Open Access initiative is committed to make genuine and reliable contributions to the scientific community. OMICS International Conferences make the perfect platform for global networking as it brings together renowned speakers and scientists across the globe. I commend you for having exciting and memorable events filled with enlightening interactive sessions. Thank you for bringing this dynamic exposition to our great state.

As Governor of the great State of Nevada, I would like to express my appreciation to the OMICS International for making this extraordinary conference a possibility.

Greetings from the Governor

Greetings!

As Governor of the State of Illinois, I am pleased to welcome everyone gathered for the International Conference on Women's Health, Gynecology, & Obstetrics in Chicago, which is organized by the OMICS Group.

Illinois is honored to serve as host for this impressive gathering. With a theme of Best Practice and Research in Clinical Obstetrics and Gynecology, this year's conference promises to provide its attendees access to recent discoveries and advances in women's health care. This conference is an excellent opportunity for scientists, women's health advocates, public policy experts, health care providers, academics and students from all over the world to gather and discuss developing women's health issues. I commend your dedication to the pursuit of advancing women's health care. The Land of Lincoln is honored to host you as our esteemed guests. On behalf of the people of Illinois, I offer my best wishes for a memorable and productive conference.

Greetings from the Nobel Laureate

Dear Colleagues,

As a member of organizing committee of the 4th World Congress on Virology it is my pleasure to welcome you to this important event.

We expect that this decade will see substantial advances in the field of Virology. My own work in the area of virus-linked cancers, in particular HPV 16 and HPV 18 showed us the potential in this field. Thus, I would like to make a few remarks on the important stream topics of the conference. I am very happy and delighted to participate at this event and anticipate interesting discussions with my colleagues at San Antonio in Virology-2014.

Once again I am delighted to invite you to take part in this conference.

Greetings from the World Food Prize Laureate

My Dear Fellows,

Being as the Scientific Advisor for the 3rd International Conference and Exhibition on Food Processing & Technology (Food Technology-2014) it is my pleasure to welcome you all to this important and prestigious event. Conferences like this one may help to speed up the development of effective development in food technology, nutrition and public health.

Once again I am delighted to invite you all to take part in this conference and also to make the conference a grand success.

Asia-Pacific Pharma Congress

Asia Pharma-2015

July 13-15, 2015 Beijing, China

Theme: "Deciphering the World of Opportunities and Accelerating Growth in Ayurveda, Siddha, Unani and Allopathic Medication in the Field of Pharmaceuticals"

Asia Pharma-2015 is a prodigious meeting, which in-synch different fields of the pharmacy and pharmaceutical sciences alongside the companies, institutes and highly affiliated universities. Asia Pharma-2015 is a podium for the desired individuals and firms around the world to share experiences, collaboration among firms and to get novel pharmaceutical updates with the aid of prompt keynote presentations, Oral talks and Poster presentations.

Global Summit on

Herbals and Natural Remedies

Herbals Summit-2015

October 26-27, 2015

Chicago, USA

Theme: "Unwinding Nature's Recipes for Health"

We invite all the herbalists, alternative and complementary medicine practitioners, researchers in the field of Phytomedicine, Pharmacognosy, Ayurveda, Naturopathy, people who believe in natural remedies to explore their research, case studies and practitioners of natural medicine at **Herbals Summit-2015**.

This international meet anticipates hundreds of delegates including international keynote lectures and oral presentations by renowned speakers and poster presentations by students and delegates all around the world which will craft a platform for global promotion of safe and effective natural therapies. It provides international networking and opportunities for collaborations with worldwide companies and industries.

This global event will be an excellent opportunity for the Herbalists and alternative practitioners to encourage the profound administration of herbals as medicament and explore the best case reports where ultimate results to justify curing and healing by various herbals to various ailments has been noted with evidence and proving herbals to be the righteous option for treating chronic ailments.

4th International Conference on Medicinal Chemistry & Computer Aided Drug Designing

MedChem-2015

November 02-04, 2015 Atlanta, USA

Theme: "Exploring the Current Techniques and Practices in the Field of Medicinal Chemistry and Computer Aided Drug Designing"

The main aim of Medicinal Chemistry International Conferences is to collaborate with eminent scientists, professors, young researchers and student's expertise in the field. Medicinal Chemistry events make connections and evaluate opportunities to create an environment that will foster pharmaceutical innovations in organizing Workshops and Symposiums in the field of Medicinal Chemistry and Computer Aided Drug Design. The event Medicinal Chemistry & Computer Aided Drug Designing International Conference 2015 will schedule and coordinate meetings with our Editorial Board Members and other experts in various research fields.

Scientific Tracks

- Rational Drug Design
- Computer-Aided Drug Design and Structure Determination
- Advanced Medicinal Chemistry
- Quantitative Structure-Activity Relationships
- Drug Development and Delivery System
- Drug Interactions
- Drug Metabolism
- Receptors and Inhibitors
- Membrane Proteins as Pharmaceutical Targets
- Recent Research and Developments

Welcome Messages

Dear Colleagues,

Cosmetology-2015

I take great pleasure and honour to welcome you all to the 4th International conference and Expo on Cosmetology & Trichology June 22-24, 2015 on behalf of Aesthetic Business Transformations, UK.

In order to grow a profitable medical aesthetic practice today, business owners must have a wealth of knowledge in all areas: Branding, marketing, social media, customer service, astute financial skills, fundamental business skills and of course exceptional clinical skills. What a tall order!

I will be combining over 25 years of sales, marketing and business knowledge into our unique business growth workshop specifically designed for busy medical aesthetic business owners who wish to build a more rewarding and profitable business. My sole purpose is to give you practical strategies that will help you to reach your goals faster, more economically, more efficiently and effectively.

I would like to extend my heartfelt invitation to all colleagues to attend the workshop by which you will learn the latest business growth and marketing strategies that work today.

I look forward to meeting you in June 2015 @ Philadelphia USA.

Best Regards,

Pamela Underdown, Aesthetic Business Transformations, UK

Dear Colleagues,

Pharma Europe-2015

We are happy to learn that the OMICS group is organizing the **European Pharma Congress**, in Valencia, Spain, in August 25-27, 2015. The pharmaceutical sciences are a group of multidisciplinary areas of study deals with the design, action, delivery, disposition, inorganic, physical, biochemical and analytical biology (anatomy and physiology, biochemistry, cell biology, and molecular biology), epidemiology, statistics, chemo-metrics, and chemical engineering, and apply their principles to the study of drugs and their development.

On behalf of AASP, it gives us great pleasure to welcome all those from academia, trade, industry, or regulatory affairs dealing various aspects of Pharmaceutical Sciences, I hope you will enjoy a rich, varied and attractive scientific and cultural program at this Congress.

Best Regards,

Moses S S Chow, Founding President, Asian Association of Schools of Pharmacy
Parthasarathi Gurumurthy, President, Asian Association of Schools of Pharmacy

Dear Colleagues,

Separation Techniques-2015

Welcome to the Separation Technique 2015 Conference.

This high profile conference to be held in beautiful San Francisco in August 2105, will cover the multiple aspects of **Separation Techniques**; from distillation to chromatography but also from analytical tools to production perspectives. Experts from all fields involving Separation Techniques are expected to attend and provide the latest trends and developments in their fields. **Separation Technique-2015** will bring high level scientists from academia and industry together to discuss technologies applications as well as analytical tools that are essential to the development of new products. Having the possibility to learn the state of the art in your technology is one of the benefits but being able to also explore alternate techniques and to discover other fields of application is what makes this conference so valuable. Either through lectures, seminars or workshops sessions throughout the three day conference, young scientist as well as seasoned experts can learn from Separation Technology 2015. Finally this world class conference will be a unique opportunity to network with chemists, engineers as well as executives and VPs.

Best Regards,

Olivier Dapremont, Executive Director, AMPAC Fine Chemicals LLC., USA

Dear Colleagues,

Mass Spectrometry-2015

The topics of the Conference truly reflect the current trends, recent advances and new approaches in **Mass Spectrometry**. The Summit will cover among others: MS fundamentals, ionization techniques, MS imaging, experimentation as well as data analysis, and last but not list wide area of Mass Spectrometry applications.

Mass Spectrometry-2015 Conference, offers unique opportunity for young scientists starting their research activity in the Mass Spectrometry field across the world to present and recognise their achievements. It will be also a platform gathering the eminent scientists cordially welcome to participate in this prestigious event.

Best Regards,

Marek Kowalczyk, University of Wolverhampton, UK

Dear Colleagues,

Pain Medicine-2015

Welcome to the **International Conference and Exhibition on Pain Medicine** hosted by OMICS Group International.

I feel honored to welcome you to this conference on behalf of the Organizing Committee. During my career as a neurologist and clinical pharmacologist in pharmaceutical development, I have been able to make clinical research contributions to important new pain medications such as gabapentin and pregabalin, that bring pain relief to many patients.

Best Regards,

Mark Versavel, President and Founder of vZenium LLC., USA
