- The Gourmet Cheese of the Month Club named the 2015 Best Cheese Club by Top Consumer Reviews

LAKE FOREST, Calif. (January 30, 2015) – The Gourmet Cheese of the Month Club, an online-only cheese club which supplies high-quality artisanal cheeses from around the world to members through a monthly subscription service, was recently named the 2015 Best Cheese Club by Top Consumer Reviews, an industry-leading service and product rating company.

The cheese clubs included in the review were rated on a combination of membership flexibility, overall price, and the company's customer satisfaction policy. The Gourmet Cheese of the Month Club received five stars from Top Consumer Reviews and edged out the competition thanks to the club's focus on customer service, unmatched product quality, ordering flexibility, and the website's clarity and ease of use.

"We're excited about being named Top Consumer Review's 2015 #1 rated Cheese Club. Re-launching our website and sending TCR's reviewers recent selections to review had a lot to do with it. We always knew we were the best," says Kathleen Calef, director of product development for The Gourmet Cheese of the Month Club. "It's nice to see a strong endorsement from a well-respected third party that agrees with our own conviction."
