

In 2014, Aspen Advisors joined The Chartis Group to create a strategic healthcare consultancy unrivaled in its offering of comprehensive thought leadership and capabilities in strategic planning, accountable care, clinical transformation and information technology.

## TWO LEADING FIRMS ONE IMPORTANT DESTINATION.

The Chartis Group is a national advisory services firm dedicated to the healthcare industry. We provide strategic planning, accountable care, clinical transformation, and information technology management consulting services to the country's leading healthcare providers. Our firm is comprised of approximately 250 uniquely experienced senior healthcare professionals and consultants who apply a distinctive knowledge of healthcare economics, markets, clinical models, and technology to help clients achieve unequaled results.

Our mission is to materially improve the delivery of healthcare in the world.

### OUR CAPABILITIES

We offer thought leadership and expertise across four domains:

Strategic and Economic Planning	Clinical Network Development	Clinical Transformation	Information and Technology
<ul style="list-style-type: none"> <li>• Guiding the development and implementation of enterprise strategy</li> <li>• Developing innovative growth strategies for a value-based environment</li> <li>• Supporting health systems in crafting and implementing integration, merger and joint venture arrangements</li> <li>• Leveraging IT assets and capabilities to drive key strategic initiatives</li> <li>• Guiding the transformation of IT from an enabler to a strategic asset for health systems</li> </ul>	<ul style="list-style-type: none"> <li>• Supporting physician platform integration and optimization</li> <li>• Guiding the planning, development and implementation of clinically integrated networks</li> <li>• Guiding the integration of IT platforms to promote seamless, cross-continuum data exchange</li> <li>• Empowering clients to develop and launch new value-based product offerings</li> </ul>	<ul style="list-style-type: none"> <li>• Enabling clients to create a single system of care and shared culture of quality</li> <li>• Harnessing the power of IT and analytics to drive delivery system transformation</li> <li>• Transforming care delivery across the continuum by reorienting care to the patient</li> <li>• Guiding the development of next generation care models</li> </ul>	<ul style="list-style-type: none"> <li>• Driving clinical and operational performance improvements</li> <li>• Implementing and realizing the full benefit of EHRs</li> <li>• Transitioning from volume to value</li> <li>• Harnessing the power of data and analytics</li> <li>• Enabling the connected community</li> <li>• Positioning for the future of revenue cycle management</li> </ul>

## A PRIVILEGE TO SERVE OUR CLIENTS

Over the past decade, The Chartis Group has worked with leading healthcare organizations across the country and throughout the world. We are continually moved and inspired by the clients that we serve. This year alone, our clients collectively touched the lives of over 20 million patients, provided over \$2.5 billion in charity care, and trained over 18,000 residents. Many are also at the vanguard of basic, translational and clinical research. Our clients invest in hundreds of community health outreach programs, continuously push to raise the level of clinical quality, and strive to be the employer of choice in the communities that they serve. Their steadfast dedication to those they serve encapsulates the reason we feel such great privilege and reward in the work we do.

The Chartis Group consultants have been privileged to work with the following:

- Over two-thirds of the academic medical centers on the U.S. News & World Report “Honor Roll of Best Hospitals”
- Seven of the 10 largest healthcare systems
- Four of the five largest not-for-profit health systems
- Nine of the top 10 children’s hospitals
- Many of the nation’s emerging accountable care organizations

## CHARTIS CARES

The Chartis Group has also established The Chartis Foundation which uses a portion of firm profits to support health services in various parts of the United States.
